SUPREME HEAD VISITS LOCAL MOOSE LODGE

The Gettysburg Moose lodge at a dedication program Wednesday evening was challenged to "do even more for the betterment of your community" by the supreme governor of the international Moose organization.

Attorney Clayton J. Crooks, Wausau, Wis., head of the Supreme Lodge, praised the community service of the Gettysburg lodge and added, "No matter how much you do, there is always much more that can be done."

"The program of our order is threefold. First is to fulfill the dream of the founders for a home for the children of deceased members. In carrying out that work you and your fellow members before you have established and maintain the great child city of Mooseheart which has graduated 5,700 youngsters, all of whom have been sustained and trained by the love and generosity of the more than a million men and women who make up the Moose and the Women of the Moose."

Care For Aged

"The second facet of our program has been to care for our elderly members and their wives and you have done that well in Moosehaven in Florida where any member of the Moose who has been a member for 15 years and is over 65 may go. It is an ideal city and one in which husband and wife live together as a family so that they may be with each other in their declining days. I find this the most wonderful part of Moosehaven, for as an attorney I have seen old couples separated in the very years when they need each other most."

"The third is service to our communities. And here is our greatest challenge, for no matter how much is done there still remains as much more to be done."

"In carrying out our obligation to help the orphans and elderly and to help our communities we are not only doing the work of our fraternity, we are also doing God's work on earth."

Unveil Painting

He was the first supreme governor of the lodge to visit the local Moose in 18 years. He witnessed the initiation of 20 members of a "Dewey E. Wolff Memorial class" conducted by the Middletown Degree Team.

A painting of the late secretary, who served the local lodge for six years prior to his death, was unveiled by his widow and son-in-law, Donald Peters. Chester Steffen, state director of the Moose, praised the late secretary in his dedicatory remarks. Steffen also served as master of ceremonies.

Gettysburg Moose lodge Governor John W. Sanders presided at the meeting.

The talk given by the Moose Supreme Governor will be presented by tape recording over WGET at 6:35 o'clock this evening.

Littlestown Man Files Equity Suit

Leo B. Frommeyer, of Littlestown, has filed an equity suit in the Franklin County courts against Mr. and Mrs. Paul M. Staver and their son and daughter-in-law, Mr. and Mrs. Galen P. Staver, all of Star Route, Shippenburg.

The bill of complaint accompanying the suit avers that on March 15, 1948, Frommeyer was a creditor of Paul Staver, holding two notes in the amount of \$2,185.55 and \$6,705.29. The notes have since matured and are now entered against Staver.

At the time, it is alleged, Staver was the owner of 18 acres of land in Southampton Township which he deeded, without consideration, to his son. He avers that Galen Staver accepted the deed knowing that it would make his father insolvent.

Frommeyer asks the court to declare the deed fraudulent, void and of no effect and that the Stavers be enjoined from conveying or encumbering the land pending disposition of the current suit.

The section consisted of a triangularly shaped plot bounded on the east by the Gettysburg-Biglerville Rd., on the south by the Battlefield Ave. at that point and on the northwest by the Adams Realty Co. property. Philip Miller was the auctioneer. Of the more than 20 present only three persons bid. When no higher offer than \$2,300 an acre was presented the commissioners withdrew the land and will sell the ten-acre section privately, subject to court approval.

Edward W. Heford, 47-year-old Harrisburg school teacher, was indicted by the Dauphin County grand jury today on a murder charge in the death of Richard M. Mattingly, 30, local tailor.

The 21-member grand jury also indicted Heford on a charge of burglary. No trial date was set pending a report from a court-appointed sanity commission which has been assigned to examine the defendant.

Heford has been held without bail since June 30. The same day, Mattingly's body had been found crammed beneath the dashboard of his car, partially submerged in the Susquehanna River near the Taylor Bridge. Medical examiners said Mattingly had died of a gunshot wound in the chest.

Police arrested Heford while investigating two burglaries in the same area of the river front where the body was found.

SEEK FUNDS FOR VICTIMS OF HURRICANE

The Adams County Red Cross today appealed for donations for those afflicted by Hurricane Donna.

The national Red Cross in notifying the local chapter of the nationwide drive said preliminary reports indicate 741 homes were destroyed and 12,323 damaged. Damage was described as "serious" to 3,200 of the 12,323 homes reporting damage.

In addition "more than 13,000" people were driven to seek refuge from the Red Cross as a result of the storm.

Damage caused by the hurricane was estimated at "more than \$80,000,000."

The local Red Cross already has its first contribution. Dr. Harry F. Baughman, president of the Gettysburg Lutheran Theological Seminary, sent a check for \$10 earlier this week noting that there is "no doubt that additional funds will be needed to help those in the path of the hurricane" and expressing the hope that "there will be many more checks coming from others."

Checks should be made out to Adams County Chapter, American Red Cross and a notation made that the amount is for hurricane relief, Mrs. Peggy Hill, Red Cross secretary, said. The entire amount will be forwarded to national Red Cross headquarters for use in the hurricane disaster relief work.

WOMAN FINED \$50 TODAY FOR JURY FAILURE

Mrs. Laura Fissel, Fairfield, was found guilty by the Adams County court this morning on a charge of failing to appear for jury duty and was directed to pay \$50 for the use of the county and the costs.

Mrs. Fissel was one of 50 subpoenaed by deputy sheriffs to appear for special jury duty in connection with the Elmo Smith murder trial.

She appeared a day later than scheduled and reported that she had believed Deputy Sheriff Guy Seifert was "kidding" when he gave her a subpoena to appear as one of the special jurors.

Today Seifert said that he was sure Mrs. Fissel understood she was to appear for jury duty after he had given her a subpoena in an alley near her home.

Thought It A Joke

Mrs. Fissel said that there had been some joking about "giving you a ticket for the Smith trial" and she thought the summons a joke. She was supported in her testimony by her husband, Robert Fissel, Gerald Tracy, Zulinger, who was in the alley at the time, and John Shultz, a storekeeper at Fairfield, were other witnesses.

Shultz testified that conversation between Tracy and Fissel later indicated they were aware of the nature of the summons. Mrs. Fissel admitted she had seen the sheriff's signature on the subpoena and also recalled that she had said that the subpoena was not legal because the word "August" was spelled wrong.

The court told Mrs. Fissel that it is a "very serious offense" to ignore a subpoena because if persons are permitted to ignore such summons the basis of the judicial system will be endangered.

Roy Rice, Carlisle and Good-year, was sentenced to 30 days in jail after being found guilty of contempt of court by failing to comply with a court order. He was reported \$4,348 in arrears on a support order.

Returned To Jail

Max Sherman, 232 Howard Ave., was returned to custody of the sheriff to permit psychiatric treatment when he appeared before the court on a charge of failing to comply with a court order. He was reported \$375 in arrears on a \$25 per week support order for children to his first marriage and \$225 in arrears on a \$25 per week support order for his second wife.

James Webb, of West Virginia and Masland, Ohio, who had been in jail since August 12 for failure to pay a fine and costs on a charge of contributing to the delinquency of a minor, was placed on parole for six months during which he is to make regular payments on the \$319 he owes the county.

A charge of driving too fast for conditions brought by Littlestown Police Officer Edward T. Kowalczyk against Kenneth E. Appler, Gettysburg R. 5, was dismissed when the officer testified that the speeding was some distance from workmen engaged in repairing a street in Littlestown and that Appler had slowed and stopped before he neared the workmen.

MEDICS VISIT BATTLEFIELD, LAUD DINNER

Two hundred fifty European physicians attending the International Hospital Federation sessions being held in the U.S. as guests of the American Hospital Association visited Gettysburg Wednesday and had their first experience with a dinner served by a church group.

While a tour of the Battlefield was the purpose of the visit by the hospital group here, conversation of the delegates present from 34 countries indicated that the meal served them at noon by the ladies of St. James Church was an even more fascinating experience.

Commenting at length on the excellence of the meal, the physicians held that eating at a church was a new experience for them—European churches never having adopted the practice customary throughout the U.S. of church women's groups providing meals for most any occasion.

New Experience

The visitors also provided a new experience for the ladies of St. James Church. After complimenting the women's group on the "splendid meal," Dr. Romain De Cock, president of the Belgium Hospital Association and president of the International Hospital Federation, followed European custom and bestowed a kiss on each cheek of the chairman of the committee of ladies which was in charge of the meal.

Following the dinner, the group, traveling in seven buses, toured the battlefield under arrangements made by National Park Superintendent James B. Myers. Giving details on the battle were Dr. Frederick Tilberg, Dr. Harry Pfanz and Gerald Lowrey, historians at the local park office. Lowrey had a group who spoke only French and an interpreter translated his remarks for the visitors as the group went about the field.

From here the delegates went to Johns Hopkins hospital, Baltimore.

ETHEL LOSING STEAM; HEADS FOR MOBILE

PENSACOLA, Fla. (AP)—Hurricane Ethel, her power drained considerably by colder air, moved toward the coast today with top winds estimated at 100 miles an hour.

A 6 a.m. (CST) Weather Bureau bulletin placed the center of the storm 80 miles south southwest of Mobile and heading for the Mobile-Pensacola area at 15 miles per hour.

Tornadoes, an offshoot of the hurricane, struck in the Panama City, Fla., area today, 100 miles to the west. Power lines were knocked down and other property damaged by the twisters in the communities of West Bay and Springfield, the Florida Highway Patrol reported. No casualties were reported.

Two Are Missing

The Coast Guard in New Orleans reported two persons were missing and presumed drowned after their boat capsized near the mouth of the Mississippi River about 90 miles southeast of New Orleans.

The center of the storm extended outward 100 miles to the northeast and 50 miles to the southwest, the Weather Bureau said.

One death was indirectly attributed to the storm. Juste Savoie, 68, a retired engineer, died in New Orleans of a heart attack while securing attic windows preparing for the storm. At first there were indications the hurricane would strike New Orleans.

Many Flee

Authorities in the central Gulf Coast estimated at least 50,000 persons fled from the fury of the storm.

At New Orleans, Louisiana Civil Defense officials said a conservative estimate of persons in shelters and private homes in southeast Louisiana was 31,000.

Residents of Louisiana's marshland country left without a second warning, undoubtedly recalling that Hurricane Audrey left 500 dead and missing in 1957.

Developed Quickly

The hurricane developed so quickly off the Yucatan Peninsula deep in the Gulf Wednesday that many areas were caught unprepared. Weather Bureau officials at Miami feared that storm preparations might have started too late and that the hurricane might cause millions of dollars of property damage and possible loss of life.

Evacuees crowded into the shelters, but the hurricane-force winds died and gusts up to 45 miles per hour swept across lands near the mouth of the Mississippi River, about 100 miles southeast of New Orleans.

COUNCIL OKAYS CURB PAYMENT IN NEW OXFORD

The New Oxford Borough Council meeting Monday evening in the borough office, Bolton St., with all members present including the burgess and police chief, authorized a payment of \$77.10 to Mrs. Chester Hoffman for reimbursement of one-third of curbing construction near her home on Hanover St. It heard Nathaniel Miller, Lincolnway West, ask that deeds of property located near the water treatment plant be straightened out.

Payment of these bills was approved for borough account, \$1,078; sewer and water account, \$10,174; and of the latter, \$8,500 was paid to the Authority as a semi-annual payment.

Paul Wagner, chairman of the street committee, moved that the borough seek the services of a new solicitor so that "we may get things done." The motion was not passed. Wagner said that an ordinance, authorized by the council some months ago, had not been prepared by the solicitor. Council decided to inform the solicitor that all ordinances must be prepared by September 30.

Sewer System
The council agreed to notify about repairing a number of bad spots on the sewer system and to extend the deadline for the Oct. 1 sewer date permitting people to sign up for use of the town sewer. Solicitor Wolf reported that the Oxford Container Co. has agreed to pay the cost of the line, \$6,931 with six percent interest over an eight-year period for additional water service. The company will also pay a standby service fee of \$220 per annum.

The secretary was authorized to write for all facts on the cost of engineering a storm sewer system for the borough and possibly seeking federal funds for this project. Council decided to study the water sewer delinquent accounts and authorized a committee to make a collection plan.

Extra Digging
It agreed to pay Dr. Seaks, Hanover St., for reimbursement of extra digging and approved plans for engineer Haines to draw up plans for the fire company's sewer connection for their proposed addition.

The property committee reported that tires for the borough truck will have to be purchased. Manager of the Borough L. C. Bevenour reported that, as of Aug. 31, 203 sewer permits have been granted and the connections made.

LOST CAPSULE OFF XMAS ISLE; IS OFF COURSE

VANDENBERG AIR FORCE BASE, Calif. (AP)—An Air Force search plane Wednesday night spotted the missing capsule of the Discoverer XV satellite.

The capsule had been all but given up for lost when a JC54 plane found it bobbing in the sea near Christmas Island. Beeping and flashing, it was about 1,000 miles southwest of the recovery area north of Hawaii where it should have landed.

The Air Force said an amphibious plane will land as soon as there is enough light.

"The sea condition is favorable for a landing to pick up the capsule," an official added.

It would be the third straight time the United States has sent a capsule into orbit and recovered it.

First Was Caught

The capsule of Discoverer XIV was plucked from the air Aug. 19 as it parachuted into the recovery area near the Hawaiian Islands.

Discoverer XIII's capsule slipped past air-catch planes but was pulled from the ocean.

The 300-pound capsule of Discoverer XV had popped loose from its rocket carrier on schedule on the satellite's 17th trip over the Arctic Wednesday afternoon. But as it parachuted seaward it missed the recovery area where flying boxcars circled, trailing snaring devices.

A radar station at Kaena Point Oahu, made a fleeting track of the capsule plunging toward the sea.

Discoverer XV was launched Tuesday at Vandenberg Air Force Base into a nearly perfect polar orbit. It carried nothing but instruments, some of them being tested for use in later reconnaissance satellites.

ADMIRAL FACES STIFF PENALTY IN SMUGGLING

SAN FRANCISCO (AP)—The newly-retired admiral and his wife returned from Guam to a \$110,000 home in suburban Kentfield, and authorities said they each declared a gallon of tax free liquor as allowed.

Wednesday the government charged Rear Adm. William L. Erdmann, 57, a much decorated former Navy commander at Guam, smuggled home 42 cases (504 bottles) of choice tax-free liquor.

"It's news to me," the Annapolis graduate said of the indictment.

No Comment
"I can't comment at this time, but I suppose I'll have my inning in court."

His first inning came when he posted \$1,000 bail. The second comes Sept. 23 when he appears for comment later Wednesday.

Asst. U.S. Atty. Donald Constine said the liquor was bought at the Navy officers mess on Guam at reduced tax-free prices.

He said it was shipped in a metal container—labeled "household goods"—on the carrier Bon Homme Richard from Guam to San Francisco.

If convicted, Erdmann faces maximum possible penalties of 12 years in prison and \$35,000 in fines plus loss of his pension of \$12,150 a year.

Stan Musial Will Play Another Year

ST. LOUIS (AP)—Stan Musial said today he will play again next season for the St. Louis Cardinals, ending speculation he would retire at the close of the current campaign.

The 39-year-old slugger, probably the top National League player of all time, announced his plans at a press conference at Busch Stadium.

Stan the Man told the gathering he had decided to play in 1961 "because I enjoy it."

"Baseball has been my business and pleasure too long for me not to play," he said.

Musial said he is confident he can help the Cardinals next year. Musial, who has won 7 National League batting titles and 3 Most Valuable Player awards in 18 full seasons with the Cardinals, is hitting .282.

Lodge Says U. S. Greatest Power

CHICAGO (AP)—Henry Cabot Lodge said Wednesday night America "is the greatest power on earth" and will use its strength "to build a peaceful world."

The Republican party's candidate for vice president said this country will stand up to the Communist threat. He added that communism "is not the only force for change in this planet."

"America is still the primary symbol and force for human progress."

Lodge, former ambassador to the United Nations, said: "We are going to advance, using the strengths and talents which God gave us to build a peaceful world." Our strength, he said, will be used "to build a world in which freedom is secure."

Lodge addressed some 1,150 persons at a 100-plate dinner for Republican Samuel W. Witwer, opposing Illinois Sen. Paul H. Douglas in the November election.

PLANE SLAMS HANGAR; 1 DEAD

DALLAS, Tex. (AP)—A huge airliner swerved out of control at Love Field Wednesday and smashed into a hangar killing one of seven men aboard.

A steel girder protruding from the building sliced through the nose of the plane.

The four-engine Braniff International Airways DC7 burst into flames as it tore into the hangar. The flames were quickly extinguished. No one in the building was hurt.

Elmer R. Tiffany, 43, died shortly after arriving at a hospital. The other men suffered injuries, none critical.

It took rescue workers nearly two hours to free five of the men.

The plane, undergoing maintenance, was being taxied to a ramp to test engines when it swerved sharply and hit the building.

Observers said one engine might have run wild, or the brakes of the plane might have failed.

ATHENS, Greece (AP)—Ten persons were killed and 21 injured in a collision between a bus and a cement-laden truck near Athens Wednesday night.

HOMELY VIRTUES
(Which aren't so homely after all)
—To say "Please."
—To be kind and considerate of
other people.
—To respect misfortune and old
age.
—To be honest, even though you
don't make as much money as the
other fellow—right off.
—To be slow to criticize.
—To be quick to forgive.
—To see the good in people—
first.

—To trust people until they
prove themselves unworthy, not
as a business proposition, but as
a personal privilege.
—To carry around clean
thoughts, inasmuch as "thoughts
are deeds."
—To cultivate a happy bearing,
a low clear voice, and a good rep-
utation as a listener.
—To lead but not to boast.
—To keep surpassing your best.
—To do one thing at a time, and
that regardless of reward.

—To keep your eyes on jobs
ahead and not those behind.
—To be calm and brave, if in
the right, though the big crowd
walks off. (It will come back!)
—To stick by your friend, come
what may, if his heart is square.
—To bear no ill will toward any-
one, even your enemies. (Only big
people have enemies.)
—To be broad-minded and tol-
erant.
—To do the best that you know
how and leave the rest—with no
regrets!

Just Folks

STRENGTH
A little mirth, a little care,
A burden now and then to bear,
A passing smile, a fleeting tear,
These mark the days of every
year
And life is good or life is bad
According to the faith we've had.

Blue skies and sunshine come and
go,
The cheerless winds of winter
blow
Across the path of life, and then
The springtime blossoms bud
again,
And all must carry sorrow's
cross,
For who would gain must suffer
loss.

Life rests us that we may endure;
There is no door that is secure
Against despair and hurt and
woe,
All these the richest man must
know,
And at the last his worth is
known
According to the strength he's
shown.

Nor gold nor fame can keep away
The tempest when the clouds
grow gray,
All that can live unto the last
Are memories of the happier
past;
Thus life is good or life is bad,
According to the faith we've had.

THORNTON SET FOR WILDCAT SIGNAL SPOT

By JACK CLARY
Associated Press Sports Writer
Any moves that Northwestern
makes at a Big Ten title this
year will be a little more than
threatening now that quarterback
Dick Thornton is back on the job.

Thornton, the pride and joy of
Wildcat Coach Ara Parseghian,
was mainly responsible for lead-
ing Northwestern out of the Big
Ten dungeon as a sophomore in
1958 and had started them in the
right direction last year before
breaking an ankle in the second
game.

But the plucky Thornton re-
ceived a reprieve. The governing
body of the Big Ten announced
that he would not be charged with
a year of eligibility even though
he played in the 'Cats 45-13 romp
over Oklahoma, and had started
the second game before being in-
jured.

Shows Old Stuff
This meant that Thornton would
help compensate for the loss of
halfback Ron Burton. He was
part of a two-fold blessing for
the Cats, who welcomed back
halfback El Kimbrough, also out
in 1959 with injuries.
Wednesday, Thornton showed
he'll be as good as always when
the Wildcats open their season
against Oklahoma a week from
Saturday.

He tossed for two touchdowns
in an intra-squad game, hitting
Kimbrough with a 60-yard toss
and throwing 50 to Paul Yanke.
In addition, his passing set up
two more scores.
Thornton may just put the
"thorn" in the hopes of other Big
Ten title aspirants, and wind up
among the roses in Pasadena on
New Year's Day.

ARREST FOUR IN BAD CHECK CASHING RING

MOUNT HOLLY, N. J. (AP)—
An alleged fraudulent check cash-
ing ring which operated in Penn-
sylvania, New Jersey and as far
west as Cleveland has been un-
covered, state police report.
State trooper Robert Giberson
said Wednesday that four men,
three from Pennsylvania, are un-
der arrest and will be charged
with obtaining money under false
pretenses and forgery.
Giberson identified the Pennsyl-
vania men as Stratton Flail, 44,
Oakford, and his son, Davis, 20,
both in Burlington County jail
here; and Ruby Boyance, 37, of
Cornwell Heights, now in Bucks
County (Pa.) prison on charges of
conspiracy to defraud a shopkeep-
er, larceny, burglary, receiving
stolen goods and forgery.

State Checks
The accused New Jersey man
is Glen Brower, 19, of Groveville,
who is in the Mercer County Work-
house because of a previous mo-
tor vehicle conviction.
The state policeman said the
ring operated by stealing checks
from various corporations. Ficti-
tious identification was obtained
with which the checks were made
out. The checks were then cashed
in various appliance stores of the
Food Fair grocery chain, Giberson
said.

CHAMBER WILL SPONSOR TEST

The New Oxford Chamber of
Commerce will again sponsor an
essay contest for the New Ox-
ford High School students. It was
disclosed at a meeting Tuesday
evening in the borough office.
This will be the second consecu-
tive year of sponsorship.

The topic for the essay was not
given but it most likely will deal
with some phase of civic endeavor
concerning New Oxford. Prizes
will be awarded and further de-
tails will be announced later.

The Chamber also decided to
help with the holiday decorations
on the square in cooperation with
the Lions Club.

Halloween Parade
A motion was passed to donate
\$50 toward the Halloween pa-
rade.
Unframed aerial photos the
Chamber has for sale will be re-
duced to \$10 each for anyone who
wishes to purchase them. They
can be secured in the New Ox-
ford Item office.

President Paul Wagner ex-
pressed a desire to see more
litter cans in the town. The board
decided to investigate the cost
of such a project.

A communication was read from
a representative of the Standard
Garment Co., Peters St., stating
the building is for sale at \$12,000
if the Chamber wishes to make
it available for another industry.
Guest night will be held Oc-
tober 11 and each member is re-
quested to bring a guest to the
session being held at the Park
Hotel and refreshments will be
served.

CBS ACTION SERIES HAS MANY THRILLS

By CYNTHIA LOWRY
AP TV—Radio Writer
NEW YORK (AP)—"The Aqua-
nauts" splashed and bubbled its
way into the CBS channels
Wednesday night and this is an
action series.

During the 60 minutes of the
first program, we had a bride
trapped almost without air in an
undersea cave, divers parachuting
from planes into the ocean, divers
trapped 160 feet down in a shark
cage and, of course, the problem
of man-eating sharks.

Keith Larsen is apparently the
No. 1 hero of the new series and
you can tell him because he wears
white stripes on his diving suit
and a white helmet. His sidekick,
who didn't have much to do
Wednesday night, is played by
Jeremy Slate.

Like Sea Hunt
If you enjoy "Sea Hunt," you'll
like "The Aquanauts" twice as
much because it's twice as long.
It left me breathless.

The presidential candidates, it
seems obvious, have decided
against alienating the footbal-
l-watching vote by one of their
joint, all-network broadcasts. The
second in the series, once tenta-
tively scheduled for Saturday,
Oct. 8 (and tentative because ABC
expected to have a West Coast
football game in progress but was
willing to interrupt) has now been
moved forward to Friday, Oct. 7.

NBC's new hour-long "Thriller"
series started off with a well
acted, well produced and thor-
oughly unbelievable drama of sus-
pense.

Sick Souls
The Tuesday night episode re-
lied on the independent operations
of two sick, sick, sick souls for
excitement. And the young busi-
nessman who was affected could
have—and in real life would have
—nipped the whole situation in the
bud.
In spite of the excellence of per-
formances by Leslie Nielsen, Na-
talie Trundy and George Grizzard,
and in spite of the high gloss on
the production, the first "Thriller"
was a disappointment.

APPOINT 3 MINISTERS
PHILADELPHIA (AP)—The
Presbytery of Philadelphia
Wednesday approved the appoint-
ment of three new ministers.
Called to Philadelphia Presby-
terian churches were the Revs.
Boswell J. Clark Jr. of Middle-
ton and Mark Dwight Ferguson
of Bakerstown.
The Rev. Joseph MacCarroll
was named minister at Central
Church in nearby Norristown. He
formerly was assistant to the pres-
ident of the Princeton (N.J.) Theo-
logical Seminary.

QUIGLEY SEES REDS ORBITING MAN IN SPACE

HAGERSTOWN, Md. (AP)—The
Russians may well have a man in
space by the time Soviet Premier
Nikita Khrushchev arrives in the
United States Monday, says Rep.
James M. Quigley, (D-Pa.).

Quigley said Wednesday that
"three times in recent history Rus-
sian space exploits have preceded
important tours by Soviet person-
alities."

In an address to a Democratic
rally for Rep. John Foley, (D-
Md.), Quigley said that he did not
base his prediction on any knowl-
edge that had come to him as a
member of the House Space Com-
mittee, but merely on known Rus-
sian capabilities and Soviet deeds
in the past.

"On Jan. 12, 1959, Lunik was
launched and reached its closest
point to the moon on Jan. 4, the
very day Anastas Mikoyan touched
down on American soil," Quigley
said.

"Then nine months later the
Soviets launched the shot that hit
the moon one day before Premier
Khrushchev greeted President El-
senhower at Andrews Air Force
Base and presented him with a
medallion identical to the one the
Soviets planted on the moon.

"The summit meeting was
scheduled for Paris on May 16,
1960, and the day before that fias-
coed in headlines the Russians or-
bited a capsule around the earth
with a dummy representing a man
in it.

"I leave you to draw your own
conclusions as to what may well
happen before Nikita Khrushchev's
boat arrives in New York harbor
on the 19th of September, five
days from now."

York state in 1775.

2 Men Indicted By Federal Jury

CAMDEN, N. J. (AP)—A fed-
eral grand jury has indicted Jo-
seph F. DeLuca of Brigantine on
21 counts of embezzlement, mis-
application and false entry of
bank funds.

DeLuca, indicted Wednesday,
was assistant treasurer of the
Guarantee Bank & Trust Co. in
Atlantic City.

He is accused of taking about
\$7,000 from inactive savings funds.
The shortage was discovered when
a depositor went to collect on an
account and was told it had been
closed out.

DeLuca is free on \$2,000 bail.

Airman Stuart Sargeant of the
770th Radar Squadron, stationed
at Palermo Air Base, Ocean City,
was indicted on two counts of forg-
ing government allotment checks
consigned last month to his wife.
The amounts involved were \$547
and \$136.

Bogus Detectives Rob Man Of \$2,644

PHILADELPHIA (AP)—Two
men entered a Mount Airy home
Wednesday night by posing as de-
tectives, tied up a 79-year-old re-
sident and fled with \$2,644 which
had been hidden in a mattress,
police said.

Officers said the bandits gained
entrance to the home of Louis
Weinfeld by flashing "police bad-
ges." The men remained for an
hour, police said, in a search for
a non-existent safe containing
what they termed "big loot."
After the men left, Weinfeld
managed to wiggle loose from
neckties with which he had been
bound. He phoned an operator who
relayed his story to police.

WILMINGTON, Del. (AP)—An-
nette Ruskowski, 24, of Westview,
died in a hospital Wednesday of
burns suffered Sunday in a fire
at her home. Cause of the fire still
is being investigated, said County
Fire Marshall James Tull.

Warriors, Cannors Open Rivalry Here On Friday; Bolts, Squires At Home

A new football rivalry will have its inception here Friday night at 8 o'clock when the Gettysburg High Warriors meet the Biglerville Cannors for the first time in history. The game will mark the first home appearance for Coach Don Young's squad and an overflow crowd is anticipated.

Two other outstanding scholastic games are also scheduled for Friday evening at 8, Littlestown playing host to Dallastown in a Laurel Conference game and Delone entertaining Lebanon Catholic in the opening Central Penn Catholic League contest.

Bermudian Springs will play at Boiling Springs Saturday evening at 8 o'clock.

Biglerville At Gettysburg

There is little doubt that Coaches Don Young, of Gettysburg, and Jack Emanuel, of Biglerville, will have their teams "up" for Friday's game. The new intra-county rivalry is expected to develop into one of the keenest in the area.

After watching Biglerville edge Boiling Springs last Saturday Coach Young said the Cannors are a "quick-hitting team with good hustle and desire." He was particularly impressed with the play of Don Wright, Biglerville quarterback.

In commenting on his own squad Young stated "Our team has progressed since last week. We might pass the ball a little more, our offense being limited last week due to the weather. The morale of the boys is good and they have apparently been able to shake off the loss. We believe the defeat did us some good, the boys realizing and seeing their mistakes. They are determined to win."

Only one change is expected to be made in the Warrior lineup. David Coshun, 170-pound junior, is scheduled to open at tackle. Paul Plank and Earl Kump, line-man, are still nursing injuries and are not expected to play.

Coach Emanuel will stick with the lineup used last week. He reported all came out of last week's game in good condition and will be set for Friday's tussle.

The probable starters: Gettysburg — Ends: Don Waddell, Roger Eckert; tackles: Eddie Hoff, Larry Eckert or David Coshun; guards: John Holoka, Bill Kent; center: Eddie Zeigler; backs: Bill Miller or Tom Duane, Ron Mickle or Jim McClell, Eddie Gastley and Bob Dean.

Biglerville—Ends: Ken Fetters, Richard Boyer; tackles: Perry Mickey, Dennis Ebbert or Dennis Little; guards: Fred Hartzel, Richard Graham or Raymond Kuhn; center: Carl Hess; backs: Don Wright, Wilson Harmon, Gary Fair and Ronnie Wagner.

The Cannors scouted the Warriors at Westminster and Emanuel was much impressed with the spirit of the locals, pointing out they battled right down to the finish despite being outclassed.

His comment on the coming game was simply "We want to win awful much."

Plans are being made to take care of one of the biggest crowds in years. Bands from both schools will put on half-time shows.

Dallastown At Littlestown

Successful last week in opening defense of their Laurel Conference title, Ron Lawhead's Littlestown Thunderbolts take on Dallastown in another conference scrap Friday evening on Memorial Field, Littlestown.

The Bolts nipped York Suburban 5-0 with a stellar defensive effort last Friday in the rain and Coach Lawhead has opined that Suburban is one of the best clubs in the circuit.

The Littlestown staff was well pleased with the showing of many newcomers, most of whom are sophomores and juniors. There are but six seniors on the squad and only four lettermen, Bill Bowers and Gene Apple, seniors, and Don Selby and John Strevig, juniors. The preponderance of underclassmen should spell more success for the campaigns of 1961 and 1962.

Dallastown, also caught in a rebuilding year, was crushed last week by Red Lion 52-6.

Rafe Nabors, who piloted his team to a 5-4 log last season, is being forced to rely heavily on inexperienced material.

Three other Laurel games are scheduled for Saturday as follows: West York at York Suburban, afternoon; Central at South Western, and Spring Grove at Kennard-Dale, night.

Lebanon Catholic At Delone

Bucky Kempton's Delone Squires will open defense of their Central Pennsylvania Catholic League crown by entertaining Lebanon Catholic at McSherrytown Friday night.

The Squires sloshed their way through a rain storm last Friday to jolt Hanover, defending South Penn titlists, 8-6, and their im-

pressive performance indicates they will again be serious contenders for their league title.

Tight defensive line work featured the Squires' opening victory as the Nighthawks were held to but two first downs and 11 yards in rushing.

Don Hartlaub, Delone quarterback, turned in a good performance in directing his squad and promises to become an able field general.

Delone's overall performance last week is indicative of another good season.

Lebanon Catholic also performed impressively last Friday when it laced Cornwall 27-0. It promises to be a worthy opponent for the Adams County outfit.

Bermudian At Boiling Springs
Bermudian Springs faces another rough assignment at Boiling Springs Saturday evening at 8 o'clock.

The Eagles dropped their opener under new coach Dean Becker to Northern at Dillsburg last Saturday 20-0.

Boiling Springs will undoubtedly be in a vengeful mood after suffering a 19-13 setback last Saturday when Biglerville scored in the last four seconds of play.

The Bubbler has a good supply of veterans on their squad and are confident of a successful season despite their opening loss.

Bermudian, playing its first full-fledged varsity season, has some pretty capable performers, particularly Tom Hardy, a 195-pound back, but lacks the manpower of teams it will be forced to meet.

AFL GRIDDETS TRY AGAIN ON FRIDAY NIGHT

By THE ASSOCIATED PRESS

Dallas and Oakland, two non-winners in their first starts in the new American Football League, will try again Friday night at Oakland in a passing duel between Dallas' Cotton Davidson and Oakland's Tom Flores.

The New York Titans-Boston Patriots game, originally scheduled for Friday night, has been moved to Saturday night to avoid conflict with the New York-Baltimore baseball game at Yankee Stadium.

The Titans, 27-3 winners over Buffalo last Sunday, again will alternate Al Dorow and Dick Jamieson at quarterback, against the Patriots who were upended by Denver 13-10 last week. Coach Lou Saban expects his ace half-back, Ron Burton, to be ready for action against the Titans.

Sunday Games
Two Sunday games are on the schedule. Los Angeles will be at Houston in the battle of unbeaten and Denver will be at Buffalo.

The meeting of the Los Angeles Chargers and the Houston Oilers should provide a high-scoring battle between the Chargers' Jack Kemp, league passing leader, and Houston's old pro, George Blanda, who threw four touchdown passes, in last Sunday's 37-22 victory over Oakland.

Frank Tripucka's passing and Gene Mingo's rushing for Denver are expected to give Buffalo's defensive platoon another rugged test.

Longest Price Is Recorded At Downs

CHARLES TOWN, W. Va. — Shenandoah Downs produced its longest-priced winner of the summer meeting Wednesday night when James W. Ahalt's Rare Dance galloped home in the ninth race at a \$96.60 straight payoff.

Rare Dance was overlooked by the crowd of 3,329, having a win and two seconds to his credit this year.

John J. Amsley's recently acquired Hasty Ad heads a field of nine in the Order of the Moose purse, feature on tonight's Shenandoah card. Hasty Ad is coupled with Mrs. Frances W. Morris's Jettapose as an entry that may be too tough for the rest of the allowance field.

Four winners were enough last night to earn six fans \$1,086.40 in the bonanza. It was the third time since the pool was introduced here that four correct selections have won the big pot. Three winners earned \$38.80 for 72 amateur handicappers.

YANKEES ARE LACED AGAIN BY ATHLETICS

By ED WILKS

Associated Press Sports Writer
The New York Yankees and the Baltimore Orioles are in a virtual tie for the American League lead today as they take a breather before Friday night's opener of a four-game showdown at Yankee Stadium.

And all because the Yankees' kissin' cousins, the last place Kansas City Athletics, bussed 'em right on the kisser.

The A's, after winning only five of 20 decisions with New York, swept the final two games of the season series with a 2-1, ninth-inning shocker Wednesday night on the tie-breaking home run by ex-Yank Andy Carey.

Hold 1 Point Lead
That shaved the Yankees' lead to one percentage point over the Orioles, who beat Detroit 11-10 in an afternoon game. Chicago's third place White Sox remained two games behind with a 6-1 setback by Washington that ended their winning streak at six.

Cleveland whipped Boston 11-7 in the other AL night game.

Carey's 12th home run led off the ninth for the A's and beat Art Ditmar (14-9).

Ray Herbert (11-15) was the winner.

Blew 5-0 Lead
The Orioles blew 5-0 and 8-6 leads at Detroit, then nailed it with three runs in the ninth—on Brooks Robinson's two-run two-out triple, Ron Hansen's wrap-up single and Steve Barber's neat relief, Chuck Estrada (17-9).

The Orioles' top winner was the fifth of eight pitchers used by Manager Paul Richards. The two-team total of 12 pitchers tied an AL record. Hank Aguirre (4-3) was the loser.

The White Sox were beaten by ex-teammate Earl Battey, who walked a two-run homer in the second inning off loser Herb Score (4-10).

A seven-run third inning triggered by a leadoff homer by Mike de la Hoz and capped by Vic Power's three-run homer, bagged it for the Indians. Barry Latman (6-16) was the loser.

Commissioner Is Charged By State

GEORGETOWN, Del. (AP)—A criminal information filed in Sussex County Court accuses the Delaware highway commissioner of four counts of malfeasance in office, including acceptance of money for award of a concession.

In the information signed Wednesday by Atty. Gen. Januar D. Bove Jr., Robert D. Thompson of Rehoboth Beach was accused of accepting from Alvin E. Simpler, also of Rehoboth Beach, rewards for procuring him a concession contract.

The information also alleged that Thompson accepted \$6,500 a year from Simpler for interceding with the Highway Department and for voting as a member of the department for the concession grant to Simpler.

The alleged offenses occurred since April 12, 1957, the information charged.

HARRISBURG (AP) — Pennsylvania's winningest high school football team—Braddock's Tigers—opens its season Friday.

Kittanning provides the opposition, but most of the suspense wore off when Kittanning dropped its opener last week to Cambria Heights, 25-12.

Still, a winning streak in the monumental proportions of Braddock's carries its own suspense from week-to-week. The Tigers have won 45 straight and haven't been beaten in 55 straight games since late 1953. A tie with Midland, 7-7, in the WPIAL-A championship game of 1954, is the smudge on the record.

Has Veteran Team

Bob Teitt, who has taken over the Braddock head coaching job from Chuck Klausning, will have a veteran team to work with. Teitt was Klausning's assistant and has been with Braddock seven years. Other unbeaten teams from last year that will be opening their season this weekend are Ambler, Lancaster, Rosetto Pius X, Pittsboro Shady Side, Wilkes-Barre Meyers and Wyomissing.

The week's top games:
Pennridge at Allentown — This nonconference meeting of two top eastern teams should give a pretty good indication of each's chances to live up to preseason forecasts.

Pottsville at Mahanoy Area — These are two leading prospects for the East Penn Southern Division crown despite Mahanoy Area's opening loss to St. Clair last week. This will show whether Pottsville's resurgence as an anthracite football power is real.

Other Contests
Chambersburg at Hanover — Last year's South Penn champion (Hanover) meets this year's favorite.

Indiana at DuBois — Both have made impressive starts last weekend, Indiana walloping Leechburg, 31-13, and DuBois holding big Altoona to a scoreless tie.

Altoona at Windber — The Lions have won this traditional rivalry five straight years, but Windber's 28-12 victory over Washington last week indicates the pendulum may have swung the other way.

Aliquippa at Farrell — Aliquippa was runner-up to Charlevoix for the WPIAL-AA title; Farrell is rated good chance for a shot at this year's crown.

Greenville at Hickory — The winner of the Northwest Section III Conference may be the winner of this game.

WILL ACCEPT SERIES TICKET ORDERS FRIDAY

PITTSBURGH (AP) — The Pittsburgh Pirates will start accepting World Series ticket orders at 5 p.m. Friday.

The club said Wednesday orders for reserved grandstand and bleacher seats will be taken only through the mail. All applications postmarked prior to 5 p.m. will be returned.

Box seats will not be available. Four thousand standing room tickets will go on sale at Forbes Field starting at 12:45 p.m. the day of each game.

The Pirates will sell tickets for single games only. Orders will be filled as they are received and no double games cannot be requested, the club said. The club has limited sales to two tickets per order.

Tickets Are \$8.70
Here are the ticket prices: Single grandstand reserved \$8.70; two for \$16.40.

Single bleacher reserved \$3.20; two for \$5.40.

Standing room \$4.40 each. The club said orders for grandstand seats should be mailed to: Pittsburgh Baseball Club P.O. Box 770, Pittsburgh 30, Pa. Bleacher ticket orders should go to Pittsburgh Baseball Club, P.O. Box 220, Pittsburgh 30, Pa.

If the Pirates win the National League pennant, the first two World Series games will be played at Forbes Field Oct. 5 and 6. If the sixth and seventh games are necessary, they will be played here Oct. 12 and 13.

The Pirates said refunds would be made on tickets purchased for the final two games if they are not played.

Beer Advertising Dispute Is Settled

PITTSBURGH (AP) — The owners of the Pittsburgh Pirates and the Duquesne Brewing Co. have settled a beer advertising issue out of court.

The Pittsburgh Athletic Co. earlier this week filed a suit against the brewery for using a beer bottle label containing the word "Buccaneer" and the picture of a baseball player.

As of 5 p.m. Friday, the club said Wednesday, the brewery will stop using the controversial label. Also, it will not depict a baseball player and will spell the word "buccaneer" in letters of uniform size, color and style.

MAYS REPORTS FOR GAME AND ESCAPES FINE

PHILADELPHIA (AP) — Willie Mays, the San Francisco Giants' star center fielder, has escaped a fine by reporting back to the club from a New York visit in time for Wednesday night's game with the Philadelphia Phillies.

Manager Tom Sheehan said he had planned to fine the fleet outfielder if he didn't show after Mays asked permission to miss the game to attend personal business at his home in New Rochelle.

Sheehan said he gave Mays permission to go to New York from Pittsburgh Tuesday night after the Giants ended a two-game stand there but insisted he be back in time for the series opener with the Phillies.

"No Bickering"

According to the Giants' manager, Mays left the clubhouse in Pittsburgh and muttered something which he did not hear. Sheehan said someone in the clubhouse quoted Mays as saying: "I'm going anyway."

Both Sheehan and Mays said there was no bickering between them and no hard feelings.

Mays said that almost invariably he goes to New York to visit his wife when the Giants are in Philadelphia.

"I've never had any words with any manager as long as I've been playing ball," said Mays. "I'm playing baseball. I don't care who manages the club."

In Wednesday night's 5-1 loss to the Phillies Mays belted two singles, stole a base and drove in the Giants only run.

Meanwhile, Sheehan disclosed that pitcher Jack Sanford had been fined \$200 for walking off the mound during a game with the Braves last week before the manager got out to the box to formally relieve him.

PIRATES LOSE 2ND IN ROW; PHILLIES WIN

By ED WILKS

Associated Press Sports Writer
Those world champion Los Angeles Dodgers may be lost, but they're not forgotten—not when they're keeping bobbing up to harass the leaders in what still could become a race for the National League pennant.

After taking two of three from third-place Milwaukee last weekend, the Dodgers tagged the first-place Pittsburgh with a second straight loss, 5-2, Wednesday night trimming the Pirates' lead to 5½ games by beating Vern Law for the first time this season.

The second-place St. Louis Cardinals gained on the Bucs with their eighth victory in 10 games, beating Cincinnati 6-4. The Braves walloped the Chicago Cubs 10-2 and now trail by 6½ games.

Philadelphia whipped the San Francisco Giants 5-1.

3rd Straight Defeat

The fourth-place Dodgers, nine games behind and all but officially out of the race, handed Law his third straight defeat in a bid for his 20th victory. Wally Moon drove in three runs, bringing in the clincher with a two-run double in the fifth, against the Pirates' right-handed ace, who had a 9-0 record over Los Angeles.

Stan Williams (14-8) was the winner, checking the Pirates on seven hits and fanning 13 as Pittsburgh set a NL record with 26 strikeouts in two games.

Daryl Spencer socked a two-run homer in the eighth inning that tied it for St. Louis. Rookie Bob Miller (3-1) was the winner. Jay Hook (10-17) was the loser.

Ed Mathews hit his 37th home run in a two-run first inning for Milwaukee, and Hank Aaron then hit a three-run triple as the Braves scored four in the second against loser Don Cardwell (7-14). Winner Joey Jay (8-7) gained his second complete game of the year with a six-hit performance.

Robin Roberts (10-15) beat the Giants by allowing only five singles. He retired 19 in a row and had a three-hit shutout with one out in the ninth. Billy O'Dell (7-12) was the loser.

HENRY HANK HELD TO DRAW BY UNKNOWN

CHICAGO (AP) — Hammering Henry Hank, Detroit slugger who has been angling for a crack at the middleweight crown, had a new ambition today — a rematch with hitherto unknown Jesse Smith of Chicago.

Smith, unranked among the middleweights, mixed a blistering attack with skillful defense Wednesday night and held Hank to a draw in a 10-round nationally televised bout at the Chicago Stadium.

Smith, unawed by Hank's impressive knockout record, would have scored a big upset if he hadn't been tagged with a whistling left uppercut midway in the final round that dropped him for the nine count.

Stricks Out Tongue
He struggled to his feet, and stuck out his tongue at Hank in a show of heroics, but a chopping overhand right had him sliding along the ropes when the final bell sounded.

Smith slipped most of Hank's heavy artillery and countered effectively, until he was tagged in the tenth. He had Hank in trouble momentarily in the third with a left-right combination and again in the sixth round, after successfully absorbing some stiff shots from the Detroit brawler.

State Seeks U.S. Funds To Build 28 Dormitories

By HERB LINNEN

HARRISBURG (AP)—The General State Authority today unveiled a \$25 million state college dormitory building program for which it is seeking federal loans.

Warren W. Holmes, GSA counsel, said the projects have been submitted already to the Federal Housing and Home Finance Agency.

President Eisenhower Wednesday signed into law a stripped-down housing bill containing \$500 million for college dormitory loans.

It is under this bill that the GSA is seeking federal aid in what is an unprecedented move for the state borrow-and-build agency.

The program calls for construction of 28 new dormitories at the 14 state colleges.

Lawrence Started More

The idea of seeking federal loans was originated by Gov. Lawrence at a GSA board meeting last month. He said the plan could produce "certain substantial economies" if carried out.

Under the plan, the GSA will follow routine procedure by advertising for sale of bonds to finance the projects. If the interest rate in bids submitted is lower than the 3½ per cent charged by the FHFA, the GSA will make the award to the successful bidder. But if the interest rate is higher, the authority will seek the funds from the federal government.

In presenting his proposal, Lawrence noted that interest rates on federal loans have been running lower.

Have No Bid To Date

Holmes emphasized that if the projects will be undertaken by the GSA in routine fashion if investigation shows that the federal loan program offers no advantages.

He said a bid date on the projects wasn't firm yet. He estimated architectural design of the projects would take six months and actual construction about two years.

The new dormitories will replace existing ones that must be torn down because of their deteriorated condition, a spokesman for the Department of Public Instruction said.

However, the spokesman noted that the GSA building program would fulfill only the needs that already exist without providing

REDS SCOLDED FOR VIOLATION

WASHINGTON (AP)—The United States has given the Soviet Embassy a strong warning about a Soviet aide who violated a U. S. travel ban, but has decided not to expel him.

State Department sources said the warning about the action of Sergei G. Zhdanov was given to Zhdanov, an official of the Soviet trading agency Amtorg, broke U. S. travel restrictions by going to Chicago.

The United States, in retaliation for similar restrictions against moves by Americans in the Soviet Union, has placed about one-third of the United States off limits to the Soviets.

Washington authorities said they had decided not to boot Zhdanov out of the country after receiving an explanation from the Soviet Embassy saying there had been a misunderstanding.

The Russians claimed that while the State Department's refusal to travel permission to the second Soviet official was clear, it was not clear that Zhdanov also was barred from going to Chicago.

O'HARA WILL ONLY A VOW

PHILADELPHIA (AP)—The will of John Cardinal O'Hara, archbishop of the Roman Catholic Diocese of Philadelphia, will serve merely as an instrument to transfer legal holdings of the archdiocese to his successor.

Under a vow of poverty as a member of the Congregation of the Holy Cross, the Cardinal had no possessions in his own right to bequeath in the will offered for probate Wednesday.

Named executors were the Most Rev. J. Carroll McCormick, former auxiliary bishop of Philadelphia and now bishop of the Altoona-Johnstown Diocese, and Bishop-elect Cletus J. Benjamin, rector of the Church of the Incarnation of Our Lord who last Aug. 24 was appointed an auxiliary bishop of Philadelphia.

The will was executed Jan. 14, 1952, six weeks after Cardinal O'Hara had been named archbishop of Philadelphia. He died Aug. 28 at the age of 72.

THOMAS E. PIPER
Area Marketing Agent

Hurricane Donna is responsible for price increases on certain produce items this weekend, reports Tom Piper, Penn State extension marketing agent. Heavy rains along the eastern coastal area have delayed harvesting operations and caused extensive loss to certain field crops. Severe damage has been reported in certain sections of the Florida citrus belt but reports are incomplete at this time.

Changes taking place in the supply situation for fruits and vegetables serves notice that autumn has arrived. The local peach harvest has been completed except for a few late varieties. Some peaches are coming out of storage now and prices are higher. Rambo apples remain in good supply and prices are reasonable on the early MacIntosh. Harvest of the Smokehouse, Jonathan and Delicious varieties will begin in another week to ten days.

Melon Season Ends

The season is ending for melons, nectarines and plums. Tokay and seedless grapes are available at prices that vary with the quality. Prices remain unchanged on lemons, oranges and pears. A lighter supply of bananas will command a considerably higher price this weekend.

Temporary price increases may be noted for green beans, cauliflower and sweet potatoes as heavy rains interfered with scheduled harvesting. Locally grown tomatoes, sweet corn, peppers, onions, egg plant, squash, cabbage and turnips head a list of good buy items. Homemakers should remember that an early frost could terminate local supplies of vegetables; supplies for canning or freezing should be ordered now.

Bacon, smoked meats and some fresh pork cuts promise to lead the parade of values at the meat counter. Some local stores will feature chicken or turkey but prices remain generally unchanged on these items. Prices on pork loins and most beef cuts have increased over levels of last week.

Crab meat and shrimp continue as good buys in sea foods. Prices on oysters are high and the outlook is for continued high prices as supplies promise to be short all season.

Eggs continue to rate a protein value nod. Shoppers should check the price difference between Grade A large and Grade A medium. When the price spread between these two sizes is greater than eight cents, at current levels, mediums are the better buy.

Judge Walsh Describes Red China Trip To See Brother Imprisoned By Communists

Editor's Note—A few weeks ago William C. Walsh, former attorney general of Maryland and former judge of its Court of Appeals, set out on a somber mission—to visit his brother, a Catholic bishop, in a Communist Chinese prison. This is the first of three articles Judge Walsh has written for The Associated Press on his trip.

By WILLIAM C. WALSH

Last March, the Peoples Republic of China announced that my brother, Bishop James Edward Walsh, had been tried and convicted of espionage as a veteran American spy and sentenced to 20 years imprisonment.

My brother, who spent most of his life in missionary work in China, is 69. I had learned that relatives of four other Americans imprisoned in China had been permitted to see them, and so I likewise applied to Chinese authorities.

In July, I received a cable from the Chinese Red Cross, stating that I would be allowed to spend 14 days in China for the purpose of visiting my brother.

Arrive In Hong Kong

My wife and I arrived in Hong Kong July 28. That afternoon, as previously instructed, I got in touch with the China Travel Service. I turned over my passport to them, and three days later I was advised that the necessary visa had been received.

I was authorized to enter China Aug. 1. At 10:30 that morning the British Red Cross representative, Miss Robin Hurst, called for me at the hotel. I drove with Miss Hurst, Joseph Carniglia of the American Red Cross, and Father Michael J. McKiernan, head of the Maryknoll Fathers in Hong Kong, to the border at Shumchun.

Shortly afterwards I crossed the frontier to the Chinese mainland. My passport and visa were inspected, I went through customs with my baggage, and I filled out an entry form and currency declaration. After completion of the formalities and lunch at the station, I took the train for Canton.

Red Cross Aide

On the train ride to Canton, I was accompanied by a Chinese Red Cross representative, a Mr. Wong. He is the official who receives the Red Cross packages sent in every month for American prisoners in China.

At Canton, we were met by another Chinese Red Cross representative, and the two men took

me to the Hotel Aichun, where I received a good room, had dinner, and went to bed after calling Mrs. Walsh in Hong Kong to inform her of my arrival in Canton.

I got up at 5:30 next morning to catch a 7 a.m. plane for Shanghai. After 2½ hours of flight, it landed at Nanchang, and I was told we might be delayed because of a typhoon in the vicinity of Shanghai. Later in the day, the flight was cancelled, and I was taken to a hotel in Nanchang along with two Chinese passengers.

Uncertain Weather

The next morning, the hotel manager accompanied me to the airport, about 20 miles from the city. There was still uncertainty about the weather at Shanghai, and takeoff was delayed until noon. The hotel manager, a very nice chap, stayed with me until the plane left.

When we landed at Shanghai at 5:30 p.m., it was raining but the typhoon was over. No Chinese Red Cross or travel service representative had accompanied me on the flight, but at the airport I was met by Mr. Li of the Red Cross and Mr. Lo of the China International Travel Service.

Mr. Li, who could not speak English, was 30 years old. Mr. Lo was 23; he could speak broken English and acted as interpreter. They took me in a car to the Peace Hotel (formerly the Cathay Hotel), one of the best-known in the city. It is a modern hotel, 10 or 11 stories high, located at the corner of Bund and Nanking Roads.

Hotel Quarters

Here I was given a double room with twin beds and bath on the seventh floor. This room was to be my headquarters for my stay in Shanghai. The hotel dining room was on the eighth floor, and I usually walked up a flight of steps although there was elevator service.

My room cost me 12 yuan a day, or a little over \$5 in U. S. money. I don't think my meals ran more than 8 yuan per day, so the total cost was from \$8 to \$10 a day.

My passport had been taken up by the Chinese Travel Service representative the evening I arrived, in order to register me at the hotel and to have the passport cleared at the Foreign Office. I got it back the afternoon that I left Shanghai eight days later. On the morning of Aug. 4, Mr. Li and Mr. Lo came to my room shortly after breakfast. With them was a Mr. Shen, a Chinese Red Cross interpreter. Later, I

SCHOOL BOARD HEARS REPORT ON NEW SCHOOL

LITTLESTOWN — The Joint Board of the Littlestown Joint School System held its monthly meeting Tuesday evening at the high school. A progress report on the new junior-senior high school building was given by Lloyd E. Crouse. The erection of the structure is proceeding according to schedule. The grading is well advanced, the cinder track is almost completed and the building itself has the majority of the steel work finished. A cornerstone-laying ceremony is scheduled for Sunday, October 9, and further details of the program being planned in connection with this event will be announced in the near future.

Supervising Principal Paul E. King reported an enrollment in the jointure schools of 1,207 pupils. Students by grade follow: Grade one, 114; two, 107; three, 123; four, 115; five, 111; six, 99; elementary special, 18; seven, 102; eighth, 110; nine, 87; ten, 73; eleven, 64; twelve, 64; high school special, 20.

Assemblies were held in each school and pupils were given instructions and room assignments for the year on the first day. Teacher reports indicate that the schedules are operating satisfactorily. The teachers met on August 29 to receive their instructions and outlines.

Accident Insurance

Accident insurance is being offered to the student body; school banking is being offered throughout the school system. Football training camp was in operation from August 18 and the 45 boys who reported were given their noonday meals. Personnel for football includes head coach, Ronald Lawhead; assistants, Jack Bream and Richard Thomas; junior high coach Ronald B. Hall; equipment manager, Kenneth H. Reinaman and athletic director, Clayton L. Evans. Seventh and eighth grade practice began on Monday of this week and several senior boys are assisting Coach Hall.

Several new subjects have been added to the curriculum, including French III, College Prep English, German II and a club program. The first meeting of the Jointure PAT will be held on Tuesday at 8 p.m. at Rolling Acres Elementary School.

Bills and salaries were approved for payment by the board. Receipts for the month totaled \$29,904.24; cash expended \$28,709 and totals of bill included \$901.46, general control; \$19,689.64, instruction; \$2,772.07, auxiliary agencies and coordinate activities; \$1,561.54, operation of plants; \$1,282.85, maintenance of plants; an overall total of \$26,206.56.

President Dale W. Starry presided for the session and directors in attendance were David S. Kammerer, Bernard Hess, Wade H. Brown, Fred Hartlaub, Rex Maddox, Karl P. Bankert, Stanley Wolfe, Bernard W. Dutterer, Lloyd E. Crouse, George W. Strevig, Wilbur E. Mackley, Richard A. Maitland, George S. Worley, Bernard Murren, John W. Schwartz, LaVerne Worley, Secretary Henry E. Waltman and Supervising Principal King. The board will meet again on October 11.

During the morning, I suggested to Mr. Li and Mr. Lo that I might want to look around the streets of Shanghai, but they told me I was a stranger who might get lost, and so they didn't think I'd better.

In view of this, and because my passport had been taken up, I didn't go out without one or both of them accompanying me.

About 1:30 in the afternoon, Mr. Li and Mr. Shen called at my room and told me I could see my brother at 3:15. They came back for me about 2:45, and we took a car they had ready to the Shanghai jail.

Next: The brothers meet.

FAIL TO CATCH SPACE CAPSULE

VANDENBERG AIR FORCE BASE, Calif. (AP) — The Air Force failed Wednesday to catch a parachuting space capsule on the fly but reported late Wednesday night that the space package was sighted in the sea.

The Air Force said the capsule, parachuted from the orbiting Discoverer XV satellite, was sighted by plane about 200 miles northwest of Christmas Island and 800 to 1,000 miles southwest of the Hawaiian Islands.

An Air Force spokesman said an amphibious plane was expected to land on the scene about 9 a.m. Thursday (Pacific Daylight Time) and recover the capsule.

This would be the third straight capsule recovery for the United States. The capsule of Discoverer XIII was plucked from the sea and the capsule of Discoverer XIV was snatched from the sky.

Jackson Cites Anti-Catholic Campaign; Truman Blames GOP

By GEOFFREY GOULD

WASHINGTON (AP)—Sen. Henry M. Jackson, Democratic national chairman, says someone is flooding the mails with anti-Catholic literature in an attempt to defeat John F. Kennedy for president.

Former President Harry S. Truman also brought up the subject while taking a morning stroll Wednesday in New York. "In my home town," Truman remarked, "the Republicans are sending out all the dirty pamphlets they can find on religion."

That brought emphatic denials from the former GOP national chairman, Meade Alcorn and from Ed Stollenwerk, Republican chairman of Truman's own Jackson County, Mo. They said Republican organizations have no part in any hate-mail campaign.

Doesn't Blame GOP

Jackson said that as far as he knows the mail has not come from any Republican party official, but he urged newsmen to track down the source of the anti-Catholic mail.

He wouldn't say what information he has on any source, but told a news conference: "I'll give you a little clue. You might ask Dr. Peale who prepared his state-

ment."

Dr. Norman Vincent Peale, New York minister and author of inspirational books, led a group of 150 Protestant ministers and laymen who met here a week ago and issued a statement. It said any Roman Catholic president (Kennedy is a Catholic) would be under pressure from the church hierarchy to breach the wall of separation of church and state.

The statement was issued as a collective one by the group, which called itself the National Conference of Citizens for Religious Freedom.

Peale Backs Off

Peale later backed off a little. He said public agitation over the religious issue would harm the nation and that therefore he would take no active part in the political campaign.

Jackson said Peale was a Republican and a friend of Vice President Richard M. Nixon, Kennedy's Republican opponent. He said, "I think Dr. Peale has a deep responsibility as a matter of conscience to tell the truth" about the authorship of the group's statement.

Peale was not available for comment on Jackson's statement.

The business session was in charge of Mrs. Harriet Boller, president, who appointed an altar flower committee for the month. Mrs. Shirley Renner was named on the cheer committee. It was decided to have a Halloween social in connection with the next meeting on October 11 at the church with Mrs. Viola Badders as hostess. Refreshments were served by Mrs. Yealy. Slides on class activities were shown by Mrs. Yealy.

LITTLESTOWN—Approximately 300 teen-agers attended the block party held by Explorer Post 84 Tuesday evening on the parking lot at the Super Thrift Market, N. Queen St. There was dancing to recorded music. Chaperones were post committeemen George E. Hornberger, Kenneth K. Kroh,

William Woodward and Robert J. Eckenrode Sr. and institutional representative, Dr. Richard N. Greenholt.

The post will conduct a drive for wire coat hangers and papers Saturday beginning at 8:15 p.m. The drive will end in the afternoon and papers to be collected after 4:30 p.m. must be placed on the curb.

The Ladies' Auxiliary of the Eagles will sponsor a public party Friday at 8 p.m. in the social room of the FOE home.

Albert Snyder, son of Mr. and Mrs. Paul R. Snyder, Prince St., has resumed his senior year of studies at George Washington University, Washington, D. C. He is a member of the football team.

Social Security

Q. Why doesn't Congress remove the "retirement test" from the social security law and pay everybody social security at age 65, whether or not they continue to work?

A. Payment of full benefits to all of the aged who are still working would be very costly, both in the immediate future and in the long run. Benefit costs in 1959 would have been increased by 2 billion dollars if the retirement test had not been in effect for that year. Most people do not retire at age 65 and social security tax rates take that into account. The average age of retirement is between 68 and 69. If social security were paid to people at age 65, whether or not they retired, social security taxes would have to be increased.

Q. Who would benefit if the retirement test were removed?

A. Roughly, only about 18 percent of the 11.1 million people aged 65 or over who are receiving benefits or are eligible to receive them.

Q. Aside from the cost, is there any reason for not paying a

worker social security benefits when he reaches retirement age, regardless of whether or not he is still working?

A. The answer to this question is quite basic. It has generally been agreed, when social security legislation has been considered, that the limited funds available for benefits should go only to people who have "substantially retired." Benefits were provided so that families would have some income to fall back on when their usual income is cut off or sharply curtailed by voluntary or forced retirement. To pay benefits to people who have suffered no loss of earnings, but have just attained a certain age, is contrary to the purpose of the program.

EAGLES VS. COLTS

HERSHEY, Pa. (AP)—The Philadelphia Eagles are working extra hard for their final National Football League exhibition here Saturday against the Baltimore Colts. The Eagles were put through an hour and a half scrimmage Wednesday with emphasis on defensive play to stop passing great Johnny Unitas.

A thin coating of paraffin wax on garden gloves makes them soil and water resistant and prolongs their life.

3 Soviet Ships In Missile Area

WASHINGTON (AP)—The Navy says three Soviet ships are heading for the central Pacific target area where the Soviets aim their long range missile tests. A Soviet tanker and tug also are operating in the North Atlantic.

The bare Navy announcement Wednesday had nothing to offer on what these ships are doing. But it set off immediate speculation that the ship movements may be connected with some new Soviet space achievement to be timed with the arrival in New York next week of Premier Nikita Khrushchev.

HARRISBURG (AP)—The Pennsylvania Federation of Historical Societies Wednesday presented a medal to Gov. Lawrence for his "unflinching support of preservation of Pennsylvania's heritage."

CARLISLE, Pa. (AP)—Carl S. Glick, 2, of Newville R. 1, was killed by an auto as he crossed a road Wednesday at Hays Grove in Cumberland County. State Police identified the driver as Bernard M. Clobosey, 52, of Carlisle R. 2.

Red Says Russia Will Not Hesitate To Launch Attack

By RICHARD WESLEY

WASHINGTON (AP) — Soviet leaders would not hesitate to launch a surprise nuclear attack on the United States if they thought this nation could be smashed with one stroke, a former Soviet naval officer says.

Capt. Nikolai Fedorovich Artamonov testified Wednesday that Soviet military strategy has been based on the doctrine of a surprise nuclear attack since February 1955.

Artamonov, 32, who was commander of a Soviet destroyer in the Baltic fleet, defected to the United States in June 1959 while stationed at Gdynia, Poland.

His appearance before the House Committee on Un-American Activities, however, provided the first public disclosure of his presence in this country.

He said he had been in the United States since shortly after he fled to the West, working with U. S. agencies he did not name.

He said he lives now in New York City, at an undisclosed address, without guards or any form of protection from Communist retaliation.

Despite Premier Nikita Khrushchev's repeated pronouncements favoring disarmament, Artamonov said, the Soviet doctrine of a surprise attack has been official since February 1955. He said it was spelled out in a Soviet military publication available only to high-ranking officers.

B. AND O. WILL WEIGH MERGER

CLEVELAND (AP) — The next act in a drama that might be entitled "courtship of the Baltimore & Ohio Railroad" will be presented next Wednesday in New York, when Baltimore directors meet to consider an offer for complete merger with the Chesapeake & Ohio Railway.

C&O President Walter J. Tuohy discussed what he described as a romance with B&O Wednesday before some 500 approving Chesapeake shareholders.

The stockholders, representing more than 80 per cent of C&O's outstanding stock, voted 99.1 per cent in favor of "the terms of the marriage contract"—a C&O offer to exchange one share of new Chesapeake stock for each 1½ shares of Baltimore common and one share of C&O for each share of Baltimore preferred.

accepted by shareholders holding about 29 per cent of the total B&O voting stock, Tuohy said. The C&O offer was to have expired last Monday, but was extended to Nov. 30.

The New York Central System, which has made a competing offer for B&O shares, says it has acquired nearly 20 per cent of outstanding Baltimore common stock. Tuohy, asked by a stockholder what would happen if neither Chesapeake nor Central secured control of B&O, declined to speculate on what might happen.

But he made it clear that a merger of the three roads "at this time is out." Noting that the New York Central still is pressing for such a merger, Tuohy called the proposal "a page from Alice and Wonderland, unrealistic in the practical world of business."

MARKET DRIFTS LOWER

NEW YORK (AP) — The stock market drifted lower in moderate trading early this afternoon as Wall Street wondered whether 1960's "triple bottom" would hold.

The Associated Press average of 60 stocks at noon was off .60 at 215.30 with the industrials down .90, the rails down .30 and the utilities down .20.

Key stocks declined from fractions to about a point. The market was lower from the start, met some scattered support and was above its lows as the session wore on.

Scouts Will Plant Memorial Trees

Memorial trees, in observance of the 50th anniversary of Boy Scouts of America, will be planted by each unit in the Conewago Boy Scout District at the district's annual Jack Frost nature course this fall.

The course will be held Saturday and Sunday, October 22 and 23, at Camp Conewago, Dick's Dam. Ray O. Brooks will serve as general chairman of the arrangements committee.

John Huston, chairman of the district camping and activities committee, said the memorial trees, at least 30 inches high, will be furnished and planted by each Cub Scout pack, Boy Scout troop and Explorer Scout post. Cub packs will be invited to attend the Sunday afternoon activities and inspect the various displays.

Protestant church services will be held at camp during the nature course while Catholic Scouts will attend mass at nearby churches. A leaders' mess will be provided.

PONDER PROBE OF MAN'S DEATH

WILDWOOD CREST, N. J. (AP) — George Francis, Cape May County prosecutor, says he doesn't feel his county has the jurisdiction to conduct an investigation into the death of a Pennsylvania man accused in a burglary in Pottsville, Pa.

The body of Vincent J. Blaney was found wrapped in chains and floating off Margate, which is in Atlantic County, on Aug. 23. Blaney, one of six defendants accused in the theft of several thousands of dollars from the home of John Rich, had been shot in the head. His body had been dumped in the water about three weeks before he was found.

The body was picked up by the Coast Guard which brought it back to Cape May County. With help from the FBI, Francis' office handled the identification.

But Wednesday night Francis said he had sent all the papers on the case to the Atlantic County prosecutor and assumed the investigation would be carried on there. He added:

OKAYS SEWER SUM TRANSFER

The New Oxford Municipal Authority at a recent meeting approved the transfer of the N. Peters St. Sewer Association funds to the Authority and also approved a stand-by water service sprinkler system at the Oxford Container Company.

A new line had recently been completed by the Authority for the sprinkler service and the container company was willing to pay for the cost over a period of years.

The Authority agreed that the sewer connection fee for the new Lower Adams High School would be \$5,250. Actual cost of the line installation was \$5,830.

Approve Audit
This was the first session that the Authority did not approve any bills for payment. A summary of all project expenses as of September 1 shows \$15,605 left in the bond issue. This does not include interest of \$7,000, or the school sewer sum. An audit of funds by Fishel, Baskin and Dunn was approved by the Authority at a cost of \$300.

Approval was given to remodel the chlorinator room at the water plant. The remodeling will consist of a new chlorinator, a partition hall, installation of an exhaust fan and an electric heater.

The work will be done at a cost of \$1,500 by Paul Wagner, Inc.

Members of the Authority were reminded that a penalty of \$25 will go into effect October 1 for late sewer hookups for those owners who have not applied at that time. The penalty increases \$25 every two months.

NIXON IS NOT WORRIED OVER MAN IN SPACE

By ERNEST B. VACCARO
ST. LOUIS, Mo. (AP) — Vice President Richard M. Nixon wooed labor votes today after a free-wheeling news conference asserting he won't be downhearted if the Soviet Union puts the first man into space.

The Republican presidential nominee told reporters it was "hard to say" whether such a Soviet achievement would have an adverse effect on his candidacy.

But if it does happen, he said, "our own program is coming along splendidly, and if they do move ahead, they won't stay there long."

Addressed 10,000 That was at a televised press conference in Peoria, Ill., before he spoke in Bradley University's Field House to a cheering crowd of some 10,000 persons.

Then he flew into St. Louis on the heels of Sen. John F. Kennedy, his Democratic rival, for an address before the convention of the million-member International Association of Machinists.

Nixon said upon his arrival here Wednesday night that he expected the union would endorse Kennedy.

But, he told an interviewer, "I appreciate the invitation to address the convention—who knows, I may pick up a few votes."

Kennedy addressed the convention Wednesday.

5,000 At Airport Nixon arrived at St. Louis Municipal Airport at 11 p.m. and was greeted by a police-estimated crowd of 5,000.

"It caps a wonderful day of campaigning for us," Nixon told the gathering as his wife, Pat, stood by his side. "When you see a crowd like this at this time of night in a state that is supposed to be hopelessly on the other side, believe me, things are happening."

The crowd was only about half of that which turned out for Kennedy the night before when he arrived some three hours earlier.

Nixon speaks at 8:15 a.m. before flying to Atlantic City, N.J., to address the National Federation of Republican Women. From there, he will fly to Roanoke, Va., for his fourth campaign invasion of the South.

State To Get \$3.6 Million For Care

WASHINGTON (AP) — Pennsylvania will receive \$3,601,000 under the new federal medical care program for the needy aged.

A bill which includes provisions to improve medical care under the federal-state program of old-age assistance was signed Wednesday by President Eisenhower. There also is a provision for a new medical care program to aid the aged who are not on the assistance rolls but who cannot pay medical bills.

The Welfare Department said that the federal fund for Pennsylvania will release the state's local fund, which was the same amount.

The wedding and Caribbean honeymoon voyage aboard the royal yacht Britannia of Princess Margaret and Antony Armstrong-Jones cost about \$185,000.

Orrtanna

MRS. LUTHER WETZEL ORRTANNA — The Margaret Donaldson Bible Class of the Methodist Sunday School will hold a bake and soup sale Friday in the church hall starting at 4 p.m. Customers are asked to bring containers for soup.

Rev. Alfred Gotwalt attended a business meeting of the Pennsylvania Conference held recently in the First EUB Church, York. Included in the workshop service program at the Mt. Carmel EUB Church Sunday at 11 a.m. will be a congregational meeting and election of church officers.

Miss Janice Mellinger left last week to enter the Bon Secour School of Nursing in Baltimore. Miss Mellinger, a graduate of Fairfield High School, has been employed as a telephone operator at the Fairfield Exchange since graduation.

A meeting of the WWS of the Mt. Carmel EUB Church was held Monday evening in the church hall with 11 members attending. Mrs. Dale Wetzel, president, was in charge. Following the business meeting, Rev. Gotwalt led the group in the worship program, topic of which was "Our Unity In The Local Church." Refreshments were served by the hostess, Mrs. William Weigle, and a social hour followed. Miss Linda Carbaugh will be the leader and Mrs. Luther Wetzel the hostess for the next meeting October 10.

YOUTH KILLED IN KNIFING

PHILADELPHIA (AP) — Police said a 17-year-old boy died in a hospital today shortly after he was knifed by another youth.

The victim was Ronald Forrest. Police Sgt. Albert Bilinsky said Earl Brinkley, 17, admitted wielding the knife.

Bilinsky said Forrest and five other youths went to Brinkley's home Wednesday night to beat him. The sergeant said they pushed him around and struck his mother.

As the youths were entering their car to leave, Bilinsky said, Brinkley ran out of the house with a knife, reached through the car window and stabbed Forrest.

Bilinsky said hard feelings had existed between Forrest and Brinkley for some time and the two had fought with their fists previously.

KENNEDY WILL SPEAK TONIGHT IN BIG DINNER

HARRISBURG (AP) — Pennsylvania Democrats formally open their fall election campaign tonight with an assist from their presidential candidate, Sen. John F. Kennedy.

The Massachusetts Senator will deliver the principal address at the state party's \$100-a-plate dinner which is expected to raise a million dollars for the campaign.

His 9:30 p.m. speech at the Zumbo Mosque will be carried by television stations in major Pennsylvania cities.

No effort was spared by party leaders to provide Kennedy an enthusiastic welcome in his first campaign appearance in Pennsylvania.

Release Employees

Gov. Lawrence, who helped Kennedy win the presidential nomination on the first ballot at the party convention in July, expected to be a group of Democratic leaders and statewide candidates meeting the Kennedy party at the Harrisburg-York State Airport at 4:45 p.m.

Lawrence, through his executive secretary, Walter Giesey, sent word out to governmental department heads that Capitol employees residing in Cumberland County—across the Susquehanna River from the Capitol—should be permitted to leave work an hour early, if they choose, to greet Kennedy at the airport.

Those state workers living on the Harrisburg side of the river will have to remain until 5 p.m. quitting hour, but were expected to walk the few blocks to Market Square to swell the crowd for a 5:15 rally where Kennedy will give a talk.

Rest At Hotel

The Kennedy party will rest at the Penn-Harris Hotel after the rally until 7 p.m. when they will go to the Zumbo Mosque and the Scottish Rite Consistory.

The presidential candidate will meet as many party faithful as possible at the huge dinner before his speech. Tents were set up on the lawn outside the buildings to handle the overflow from the crowd expected to number 10,000.

Kennedy will spend the night at the hotel, leaving early Friday morning for a whirlwind tour of Lebanon, Reading, Lancaster, Columbia and York before heading for Maryland in late afternoon.

Republicans opened their campaign at a luncheon last Saturday. Gov. Nelson Rockefeller of New York was the principal speaker.

Henry Cabot Lodge, GOP candidate for vice president, spent two days campaigning in Western Pennsylvania, ending Wednesday. Vice President Nixon will come to the state for the first time next Monday, visiting Wilkes-Barre and Scranton.

Begin Processing Drivers' Licenses

HARRISBURG (AP) — The State Revenue Department said Wednesday it will start processing applications in early October for two-year motor vehicle operators' licenses.

The 1959 Legislature authorized the department to issue the licenses every two years instead of annually to save on administrative costs. The licenses will cost \$4.

THREE KILLED IN COLLISION

EVESHAM TOWNSHIP, N. J. (AP)—A mother and two children were killed Wednesday when their car collided with a tractor-trailer at the intersection of Rt. 73 and Evesham Road in this Burlington County community state police said.

The woman was Mrs. Joan Hunt, 26, of Lindenwald. She was pronounced dead on arrival at Burlington County hospital, Mount Holly.

Police said the truck, loaded with lumber, was coming from Philadelphia. It was headed south on Route 73 when it collided with the car, which had been traveling on Evesham Road, about a mile south of the Marlton traffic circle. The truck driver, Robert Eisler, 30, of Philadelphia, escaped injury. The scene of the crash is about 10 miles northeast of Camden.

A neighbor of the Hunts, Margery Wood, who works as a practical nurse at the hospital, identified the children as Valerie and James Jr. She said both children were preschool age and the boy was the younger of the two.

Dad And 8 Children Are Together After 25 Years

If the children of Martin L. Shaffer did a lot of talking at the South Mountain Fairgrounds two weeks ago they had a good reason.

The occasion marked the first time in 25 years that Mr. Shaffer and his eight children have all been together at the same time.

The children present at the gathering marking the elder Mr. Shaffer's 73rd birthday were Elmer Shaffer, Biglerville; Mrs. Carl V. Kepner, Fairfield R. 1; Luther Shaffer, Gettysburg R. 4; Raymond Shaffer, Chambersburg; Mrs. William Signor Jr., Laytonville, Md.; Ivan Shaffer, Brockport, N. Y.; Roy E. Shaffer, East Berlin, and Kenneth E. Shaffer, Dover.

All told 92 persons were present, the elder Mr. Shaffer and 91 of his sons, daughters, sons-in-law, daughters-in-law, grandchildren and great-grandchildren.

Four members of the clan were missing: Mr. and Mrs. Eugene Shaffer and daughter, Michelle, and Fred Shaffer. They had a good excuse. All are in Germany where Eugene Shaffer, son of Elmer Shaffer, and Fred Shaffer, son of Raymond Shaffer, are stationed with the Armed Forces.

This was the contingent that Martin L. Shaffer of East Berlin found waiting for him on his birthday: Mr. and Mrs. Kenneth E. Shaffer and children, Carrie, Barbara and Martin; Mr. and Mrs. Ivan Shaffer and daughter, Laurie; Mr. and Mrs. Carl V. Kepner and son, Stanley; Mr. and Mrs. William Signor Jr. and son, William III; Mr. and Mrs. Raymond Shaffer and children, JoAnn, Raymond Jr. and Jack; Mr. and Mrs. Luther Shaffer and children, Mary Ann, David, Sandra, Linda, Jay, John, Randy and Billy; Mr. and Mrs. Roy Shaffer and children, Lawrence

and Darlene; Mr. and Mrs. Elmer Shaffer and children, Rodney, Timothy, Debbie and Kenneth; Mr. and Mrs. Fern Klinefelter; Mr. and Mrs. Dean Shaffer and sons, Ronnie, Mike and Steve; Mr. and Mrs. Willis Kepner and children, Martin, Patricia, David and Bonnie.

Mr. and Mrs. Stanley E. McIntire; Mr. and Mrs. Richard Shaffer and children, Carolyn, Ricky and Gayle; Mr. and Mrs. Cloyd Spence and son, Jeffrey; Mr. and Mrs. Joseph Sebold and children, Carrie, Vivian and Carey; Mr. and Mrs. John Stahley and children, Jeannette and John Michael; Mr. and Mrs. James Shaffer and son, Gregory; Mr. and Mrs. Eugene McGlaughlin and children, Terry and Sherry; Mr. and Mrs. Donald Shaffer and children, Kathy and Wayne; Mr. and Mrs. Fred Shaffer and children, Barry, Ricky, Terry, Peggie and Robin.

WARDEN FAILS PRISON BREAK

POTTSVILLE, Pa. (AP) — An attempted break by two inmates of the Schuylkill County prison was foiled Wednesday by Warden John Downing.

The two convicts are Wayne Brown, held for trial on two counts of murder, and Russell Bresnock, a parole violator.

A prison spokesman said Bresnock, carrying a wooden gun, and Brown, wielding a pocket knife, overpowered guard James L. Sullivan.

With Sullivan as a shield the two headed for a ladder which they used to climb the prison wall. They were spotted on top of the wall by Downing, who fired bullets

Sub To Try Again To Fire Missile

CAPE CANAVERAL, Fla. (AP) — The crew of the nuclear submarine Patrick Henry, disappointed by failure to launch a Polaris missile from beneath the sea, will try again within a few days.

The submarine fired one of the 28-foot missiles Tuesday while gliding submerged about 30 miles off Cape Canaveral. The Polaris broke through the waves, but almost immediately shot off course and spiraled back into the Atlantic.

This was the first of four underwater launchings scheduled for the Patrick Henry. The crew wanted to better the three-for-four success record of the first Polaris sub, the George Washington.

The Polaris' operational deadline is sometime in October.

ALLENTOWN, Pa. (AP) — A broken neck suffered in an auto mishap near East Greenville Saturday night proved fatal Tuesday to Paul H. Moyer, 42, Souderton. He died in a hospital. Moyer was thrown from the auto as it spun after skidding on a wet spot.

The loss of gold is told in the statistics. The U. S. gold stock is now under \$19 billion for the first time in 20 years. The outflow has been much slower this year than in the two previous ones. The hoard now is about \$500 million lower than this time last year. But \$323 million of that loss has come in the last nine weeks.

The U. S. Treasury loses gold when other nations or international financial agencies turn in their

and tear gas at the fleeing pair. The prisoners pulled the ladder to the top of the wall to use it in climbing down to the outside. Downing, however, held them at gunpoint on the wall until assistance came from Pottsville police.

Brown, of Lost Creek, was to be tried for the murder of his grandfather and uncle this month, but the trial was postponed until November pending a psychiatric examination.

Brown, from Frackville, violated his parole by carrying firearms.

EXPERTS EYE GOLD BALANCE DANGER SIGNS

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The increased flow of gold to other nations recently and the steady expenditure of American investment dollars abroad while such spending is slowing down here adds to the uncertainty befogging the domestic economy.

Government authorities and banking spokesmen assure that confidence in the dollar isn't being undermined. But some of them add the ominous word "yet."

They mean that only if the financial balance continues to run against the United States too long would there be trouble. And they point to several hopeful signs that the situation isn't in imminent danger of getting out of hand. Some hope the trend can be reversed.

BOYLE TALLIES THIS SUMMER'S UPS AND DOWNS

By HAL BOYLE
NEW YORK (AP) — The many seasons of our lives often go by like soldiers on parade, dressed so alike we hardly note them individually.

But now and then a season comes along that lives in your mind forever.

The summer of 1960 has been like that.

Historians' View
How will historians catalogue the summer of 1960?

They will mention it as a time of great political storm in almost all quarters of the world, of riots and spy trials and a summit meeting that failed.

They will write of the business boom that seemed stuck in mid-career.

Religious Storm
They may even find reason to dwell at length on an unusual storm—a religious storm raised during the U.S. presidential campaign.

But for millions of us the various storms of this period will be

dollar assets for it. This our law permits them to do, although the Treasury won't sell gold to U. S. citizens except for use in industry and the arts.

Other nations have been piling up dollar assets for several reasons.

Investment Abroad
One is the investment abroad by American business. That is, U. S. dollars go overseas to pay for plants, materials and labor. They do so because of rising production costs here or because overseas plants let American business get around the remaining restrictions that other nations impose on U. S. products, whether in the form of tariffs, import quotas, or frozen currency transactions.

Another reason for increased foreign holdings of U. S. dollars is that the U. S. government sends around \$4 billion abroad each year in the form of military and economic aid.

American tourists add to the pile of dollars that foreigners are building up, and so do our military bases abroad.

Foreigners also get dollars for the goods and services they sell us. Competition with American goods has been increasing, especially in products made in West Europe and Japan. Of late several American industries have increased their complaints and sought relief in higher tariffs or import controls.

Court Hands Down Rights Injunction

MACON, Ga. (AP) — Terrell County officials accused of deliberately hindering Negro attempts to vote were under a federal court order Wednesday forbidding discrimination in any form.

Judge W. A. Bootle's injunction in the historic civil rights case forbids Terrell registrars from keeping separate Negro and white voter records, from giving Negroes tougher literacy tests than white applicants, or delaying Negro applications when white applicants are registered immediately.

The lengthy, detailed order also gave the three registrars 10 days to put four complaining Negroes on the qualified voters' list. The judge did not appoint a federal referee to supervise elections as asked by the U. S. attorney general.

Youth Killed By Car In Lewistown

LEWISTOWN, Pa. (AP) — An auto struck and killed a 16-year-old boy watching police investigate an earlier accident on Route 322 Tuesday night.

The victim, Dennis Hoar of Millroy, was one of a group of spectators who had gathered at the scene of an accident in which an unidentified pedestrian sustained minor injuries about six miles north of here.

State police identified the driver

THEODORE ROOSEVELT

Born, October 27, 1858, New York City. An asthmatic child, he was tutored as he sought health by constant exercise. Graduated at Harvard, 1880. He was fond of athletics, a lover of nature, a tireless traveler and explorer. He received the Nobel Peace Prize for persuading Russia and Japan to peace.

At 24, he was elected to New York Legislature; two years later, went to a North Dakota ranch in quest of health. Returning to New York politics, he served as a member of the United States Civil Service Commission, president of the New York board of police commissioners, assistant Secretary of the Navy. He organized the Rough Riders in the Spanish American War, and led them. He was Governor of New York, 1898-1900. Nominated for Vice-President at the Republican national convention in 1900.

The death of McKinley made him the twenty-sixth (and youngest) President of the United States, September 14, 1901. In 1904 he was elected President.

His efforts toward official purity and his opposition to unjust capitalistic combinations won popular support. He brought the railroads under control with the Interstate Commerce Act; set up the Department of Commerce; secured passage of the Pure Food and Drugs Act; rescued natural resources from plunder.

He organized the Progressive Party in 1912, ran for President and was defeated. Died at Oyster Bay, N. Y., January 6, 1919, aged 60.

CHARLES WARREN FAIRBANKS

Born 1852, Unionville Center, Ohio. He practiced law in Indianapolis and was leader of the Republicans in Indiana from 1896-1918. Served in the U. S. Senate 1897-1905 and as a member of the U. S. British Joint High Commission for adjustment of Canadian questions—1898. He was spokesman for McKinley and big business, and one of the choices for Vice-President in 1900 but turned the offer down. Vice-President of the United States, 1905-1908. He was a candidate for Vice-President on the Republican ticket with Charles Hughes in the election of 1916. Died 1918.

MRS. THEODORE ROOSEVELT

Edith Carow was born in New York City, 1861. Before her marriage to Mr. Roosevelt (her childhood playmate) in 1886, she had traveled widely and was well educated.

Gifted with a charm of manner, a deep sincerity, a serenity of spirit, and being a model housekeeper, she gave her high-spirited family a real home life in the White House. Endowed with rare good sense, an unusual ability to connect names, faces and incidents, combined with her winning personality, she was a remarkable social success as a First Lady. Died 1948.

STATE TO SELL \$50 MILLION IN TAX NOTES

HARRISBURG (AP)—The Commonwealth will sell \$50 million worth of short-term notes in November to pay for state operations until the bulk of its tax revenues pour in this spring.

Gov. Lawrence said Tuesday another \$30 million worth of tax anticipation notes may be sold in February.

The notes will be offered on the first time on a piecemeal basis, Lawrence said, to attract "small" investors with \$100,000 or more. In the past the notes were sold on an all-or-none basis, mostly to the large financial syndicates.

Interest Rate
By offering the notes to many investors the state hopes to secure a more favorable interest rate. The notes are to be paid off by next May 31, the end of the state's fiscal year.

Lawrence pointed out that the combined total of \$80 million worth of tax anticipation notes is considerably less than last year's total of \$130 million.

The difference, he said, is probably due to greater stability in revenues provided by the sales tax.

Sales tax collections are turned over to the treasury on a monthly basis, while the business taxes, which made up the bulk of state revenue in past years, are paid on an annual basis.

Newlyweds Ask \$150,000 Damages

PHILADELPHIA (AP)—A Philadelphia couple has sued a travel agency for \$150,000 claiming the agency fouled up their honeymoon.

Jerome and Hope Rensel filed the action in U. S. District Court charging the Fugazy Travel Agency of New York messed up their hotel and airplane reservations all the way from Florida to Mexico and back to Philadelphia.

The fouled reservations "irrevocably and completely ruined, destroyed and damaged" their one and only honeymoon, the Rensels contend.

STATE POLICE ORDERED TO TEST TOPERS

HARRISBURG (AP)—Chemical testing to determine intoxication of motorists has been ordered by Gov. Lawrence in three counties in an extension of the public education phase of his highway safety program.

Radars already being used by state police to warn, but not to prosecute, drivers in several sections of the Commonwealth.

Initial use of the chemical tests by state police to spot drunken drivers was ordered Tuesday for Bucks, Lehigh and Northampton Counties where courts accept such evidence.

State-wide Test
The governor said he hopes eventually to use the test throughout the state.

The 1959 Legislature pigeon-holed measures to legalize the use of radar for prosecuting speeders and chemical tests for detecting drunken drivers.

Lawrence's order authorizes the

state police commissioner Frank G. McCartney to purchase portable chemical testing units called "intoximeters."

Within 60 Days
McCartney said the units will be put in use within 60 days in patrol cars of Bethlehem Troop D. They will cost a total of about \$1,600.

The commissioner said the intoxicimeters can be easily operated by a trooper on patrol. He added that the device permits laboratory confirmation of the trooper's on-the-spot check.

The governor said he hoped the Legislature would eventually approve use of chemical testing by all policemen in Pennsylvania.

Test Results
McCartney said results of the tests made by his patrols would be forwarded to the state police laboratory here for complete analysis by a state police chemist. Should the motorist contest his case, the chemist would testify in court.

In addition to the chemical test, McCartney said, his officers will make physical observations and interviews to supplement the evidence.

The test, he added, would quickly spot persons seemingly intoxicated but actually suffering from some physical disorder that would require medical attention.

Sulky Soviets Stirring Storm Over "K's" Rebuff

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP) — As the man said to the storekeeper back in the Capone days: "You got a nice business going, without no trouble, and if you don't want none from now on you better start paying off."

Back in November 1958, when Premier Nikita Khrushchev began to develop a yen for a summit meeting, he started making threats to shut West Berlin off from the West.

The Western statesmen didn't know whether this was just a noisy man talking or a man meaning what he said.

Kept Talking
He kept on talking for months, getting meaner about it, until the West began to realize he could make an awful mess if he did shut off Berlin. Then a summit meeting began to look not so bad.

Khrushchev even got something extra—an invitation to come over here last September for a visit with President Eisenhower and a trip around. But even with everything going nice he blew up a storm.

This was when he wasn't allowed to visit Disneyland because of the danger in crowds, the delay, and things like that. Khrushchev sulked out loud.

Perpetual Pretexts
But something is always getting Khrushchev's goat. Just before the summit meeting the American U2 spy plane flew over Russia without being asked. Khrushchev got so mad he called off the summit.

Still, he sounded pretty nice about Berlin. He said he'd wait until a new American president took over in 1961 before considering a summit meeting again and meanwhile he was willing to let West Berlin stay quiet.

He let it stay quiet until he got another yen. This time he decided to come over for the opening of the United Nations General Assembly next Tuesday. Almost at that very moment, he began putting the heat on West Berlin again.

Step Up Pressure
The Communists began blocking the city, a little bit here, a little there, stepping up the pressure.

Then the United States nixed Khrushchev again. It said when he got to New York he couldn't leave Manhattan Island.

Khrushchev was already on the ship bringing him here, but he got out the word he didn't like it, and his government filed a formal protest. It cramps Khrushchev's style not to move around, and he wanted more room to roam.

White House Backing
The State Department, backed up by the White House, said nothing doing. It's going to be Manhattan Island and no farther for Khrushchev.

In no time at all the Soviet Union warned the West against what it called the misuse of the air corridors to Berlin.

If a blockade is in Khrushchev's mind, or if he is doing all this now as a threat only, what will he want or demand when he gets to this country next week?

He's no patsy. If he wants to make trouble, and if this country doesn't want trouble, it's going to have to do business with him.

2 MORE TIROS TO BE FIRED

WASHINGTON (AP) — Two more Tiros weather satellites will be sent aloft to take television pictures of the earth and its cloud cover.

The National Aeronautics and

Space Administration says that Tiros II will be sent into orbit before the end of the year, and Tiros III will be launched next year.

Dr. Morris Pepper, NASA chief of meteorological satellites, told an Institute of the Aeronautical Sciences dinner meeting Tuesday night that attempts will be made to analyze data from Tiros II so swiftly that the information may be used immediately for actual

weather observational purposes. This would help especially in tracking such major storms as Hurricane Donna.

Tiros I, launched April 1, took cloud pictures before its equipment failed at the end of June, but its pictures were of no operational use to weathermen.

The United Nations became an official organization on Oct. 24, 1945.

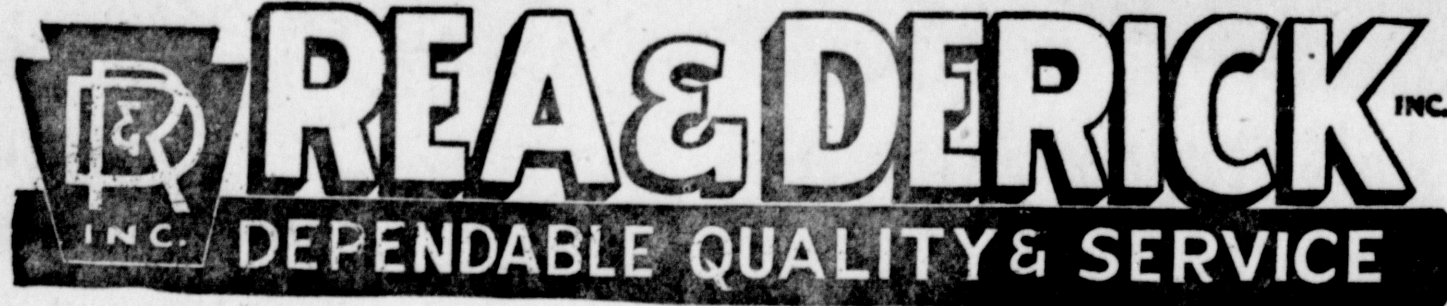

MAN IS ELECTROCUTED

LEVITTOWN, Pa. (AP)—Joseph Corning, 23, was electrocuted Tuesday night while helping a

remove a tree felled by Hurricane Donna.

Corning was holding one end of an aluminum wire the neighbor was trying to throw around the tree. The wire hit a 40,000 volt power line and Corning, father of two, fell dead.

Largest Outdoor Mosaic Shows Striking Design

By ROBERT O'MEARA
MILWAUKEE (AP)—The Milwaukee War Memorial Center has unveiled its \$50,000 mural — all 1,440,000 pieces of it.

The mural, described as the largest outdoor mosaic in the nation, covers five separate 22½ by 16 foot panels on one side of the lakefront structure. The mosaic's combination of Roman numerals sparkles in deep tones of blue, grey, reds and purple.

The striking design has given viewers something to puzzle over, namely, what does it mean? The answer isn't simple.

Loses Its Interest
"A design which is too readily apparent soon loses its interest," says Edmund Lewandowski, director of the Layton School of Art of Milwaukee, who designed the mural and supervised its construction.

Basically, the mural commemorates the years of World War II and the Korean War. The center is dedicated to the men who died in those wars.

Here's how you go about reading the design, according to the Center:

Roman Numerals
"The first three panels bear the single Roman numerals MCM, MCMXL and five give the viewer a choice to make up the necessary dates: XLI on panel four; V and III on panel five.

"Thus, for the dates of World War II, one reads 1941 as MCMXLI on panels one through four, and 1945 as MCMXLV (MCM from the first three panels, only XL from panel four, and V from panel five).

"For the Korean War, the viewer uses MCM and only L from panel four, giving him MCMXL for 1950, and MCM plus L from panel four and III from panel five, which results in a reading of MCMXLIII or 1953."

40 Or 50 Ideas
Obviously, you can't get the full significance by merely driving past the Center.

Lewandowski tried 40 or 50 ideas and mosaic combinations on the face of the building before reaching a color decision. Then he worked with craftsmen in New York for almost two years, cutting up discs of glass tesserae — cubed bits of enamel-glass and marble — into the design. The glass was made at Murano, a small island near Venice, Italy.

Lewandowski also used 16 varieties of marble from Vermont, Minnesota, Italy, Belgium, Yugoslavia, India and Germany.

New Use
The mosaic represents a new use of the ancient craft, Lewandowski said, in that the size of the bits of tesserae and marble never have been as large as in this design. The bits vary from one-half inch across to three to four inches.

"The keynote of the design is its classic grandeur and simplicity," Lewandowski said. "We have tried to achieve an ageless design that would be just as valid years from now as it is today."

POLITICS HITS CIVIL WORKERS

HARRISBURG (AP)—State Civil employees who engage in political activity have no choice but to resign their state jobs, says Atty. Gen. Anne X. Alpern.

Her ruling Tuesday, a clarification of a 1941 act, had been expected.

The question was raised over those employees put under Civil service by a 1956 executive order issued under former Gov. Leader. The Insurance Department, one of those involved by the Leader decision, asked Miss Alpern whether these employees were covered by the 1941 act.

Sweeping Interpretation
The attorney general answered they were, and used the ruling as a springboard for the more sweeping interpretation of the law that such prohibited activity meant mandatory dismissal.

In the past, employees have been given the option of giving up either their political activities or their state jobs.

Miss Alpern conceded that the mandatory dismissal provision of the act has not been followed "despite the clear language of the act."

The number of employees affected by her opinion was not determined. But some 49 employees in the Philadelphia state offices reported would be affected immediately.

Cairo, Ill., was Gen. Grant's headquarters for attacks on Ft. Henry and Ft. Donelson in the Civil War.

CITES FLOOD CONTROL COST

FOREST CITY, Pa. (AP)—Gov. Lawrence said Wednesday the state has spent 20 million dollars on flood control work since 1955.

Lawrence's statement was prepared for delivery by Forests and Waters Secretary Maurice K. Goddard at the dedication of Stillwater Dam in Susquehanna County.

"There are many flood control projects all over the Commonwealth that have paid for themselves in damages prevented even before they were finished," Lawrence said, adding:

Pay in Lives
"It is time, therefore, for us to do away with this suicidal impulse to label such public works as an unnecessary squandering of funds. If we do not get adequate flood control in this Commonwealth we are going to pay the price in lives, homes and in jobs—a price far, far higher than the cost of adequate flood control."

MRS. DELLA BUTT

ABBOTTSTOWN — The Ever Ready Class of the Reformed Sunday School met at the home of Mrs. George Markel at 8 o'clock Wednesday evening.

Miss Jean Rodgers, daughter of Mr. and Mrs. Dale Rodgers has enrolled at Mansfield State College.

Mr. and Mrs. Heimer Hoover entertained at a family reunion at Cletus Mummert cottage, East Berlin, Sunday.

Mr. and Mrs. Ralph Hoff were honored at a family party on Sunday in honor of their 50th wedding anniversary. Mrs. Hoff has been an invalid for a number of years. They reside with a daughter, Mrs. James Howe and family.

Mrs. Norman Miller is ill at the home of her son-in-law and daughter, Mr. and Mrs. John Shultz.

Mrs. Addie Emlet, a former resident of Abbottstown, is now living at the Lutheran Home for the Aged in Washington. She recently fell and suffered a fractured hip.

MEDICAL CARE NOT WANTED

HARRISBURG (AP)—The new federal medical care plan for the aged is not what the vast majority of our senior citizens want,

says Gov. Lawrence. The program, signed into law Tuesday by President Eisenhower, offers handouts instead of providing health insurance, Lawrence Tuesday night told a state conference on problems of the aged. He said the program presents difficult problems for Pennsylvania, adding: "In Pennsylvania, as a matter

of fact, some detailed and drastic changes will have to be made in the public assistance laws before we can secure any financial aid whatever."

Studying Laws
He said one of the changes required will be revision of "our current system of state aid to hospitals for care of the indigent." Lawrence said the Department of Public Welfare is studying the new law "to develop a program that can actually work even if it is inadequate."

The two-day conference, ending today, is in preparation for Pennsylvania's participation in the White House Conference on the Aging to be held in January.

Floridians Start Move To Rebuild And Expand, Help Others After Storm

MIAMI, Fla. (AP)—Flood waters, washed out highways, rats and mountains of debris won't stand in the way of Florida residents determined to sweep aside Hurricane Donna's rubble and rebuild "bigger and better than ever."

Typical of the feeling which prevailed was a move in Miami to adopt families left homeless by the hurricane. A 22-year-old bookkeeper discussed the idea with three of her co-workers and they decided to start a chain of good will.

Seek Spare Items

The plan is for persons to give spare items which will help set families back up in housekeeping. A "little WPA" which would not only help with the cleanup task but would provide work in the devastated areas was proposed Tuesday by Gov. LeRoy Collins.

The governor said the project would be especially effective in the Florida keys, where he saw 80 per cent devastation, and he noted that many would rather work than accept handouts.

In some areas rats, flooded out of their usual field haunts, moved into residential subdivisions. A South Miami boy was bitten and may undergo the series of painful rabies shots. Men in some communities formed shooting parties to kill the large rodents.

Wild Life Affected

Effect of Hurricane Donna on wildlife in the Florida everglades probably won't be known for some time. The hurricane's full force swept through the two-million-acre area on Florida's southern tip.

Some 250 storm refugees are at Islamorada, a once-busy sports fishing center 75 miles south of Miami. A mess hall was set up

Campanella, Wife Now In Agreement

GLEN COVE, N.Y. (AP)—Roy Campanella and his wife have settled their marital difficulties—for their children's sake.

Campanella, partially paralyzed from an auto accident 2½ years ago, announced last month he was seeking a separation from his wife, Ruth, after 13 years of marriage.

In announcing the reconciliation Tuesday, Campanella, former Brooklyn Dodger catcher, said: "We both think it's best for the children. With prayer and faith I believe we can pick up the ties that once held us so closely together."

POPE EXPLAINS WOMEN

VATICAN CITY (AP)—Woman's dignity is equal to man's, but her role is complementary, says Pope John XXIII. He told a congress of the World Federation of Young Catholic Women that women's natural role involves "dedication to others."

"God and nature have given her different tasks which perfect and complete man's mission," he said.

A little inexpensive insurance

A home without basic first-aid supplies is in a dangerous position. Accidents can happen at any time. We'll be glad to suggest an inexpensive assortment of first-aid needs... gauze, tape, antiseptic, burn ointment, etc. But remember, though first aid can save lives, it's often important to follow up with a visit to your doctor. Only he is qualified to judge the seriousness of an injury and prescribe proper medical care.

"Fantasy Of Foods"

Regal Rib Roast Of Beef

The prince of all beef cuts is the elegant standing rib roast of beef. It's no wonder the family rushes to the table when they know beef rib roast is to highlight the menu. And dad, experienced or otherwise in the art of carving, knows that his job will be easy due to mom's advance thinking.

Mom realizes that the first step in preparing a beef rib roast

takes place at the market. Just ask the meat retailer to remove the chine bone, making sure that the ribs are completely separated from the back bone. This can be done without trimming off any of the meat and greatly facilitates carving when the roast is ready for the table.

When you're ready to roast the meat, place it in an open roasting pan... fat side up. A roast meat

thermometer is the most accurate measure of the doneness of the meat. However, if you do not have one available, roast the meat in a slow oven (300° F.) to the desired degree of doneness. In roasting, which is a dry heat method of meat cooking, do not add water or cover the pan. Allow 18 to 20 minutes per pound for a rare roast, 22 to 25 for medium and 27 to 30 minutes for a well-done roast. If a roast meat thermometer is being used, insert it into the thickest part of the roast so it is neither resting in fat or on bone. The thermometer will register the internal temperature of the meat cut. For a standing rib... that's 140° F. for rare, 160° F. for medium and 170° F. for well-done.

Allow the roast to set for about 20 minutes before carving for serving. When garnishing the carving platter, remember not to over-crowd. Room must be left for the carver to place the slices of meat. A sharp knife is very important when carving.

If not eaten all at one meal, roast beef lends itself to some delicious leftover dishes. However, when retaining cooked meat for a second-day dish, remember to keep it tightly wrapped and in the coldest part of the refrigerator.

Bandana Bandit Seeking Release

PHILADELPHIA (AP)—The so-called "Bandana Bandit," Henry Silva, was his own lawyer Tuesday in seeking release from jail through the State Superior Court.

Silva was arrested in 1959, after a two county crime spree. He is faced with burglary sentences of five to 10 years by the Delaware County Court, and 30 to 60 years by the Montgomery County Court.

Silva maintains his Montgomery County trial was illegal, asserting he was convicted by 11 instead of 12 jurors.

The Delaware County trial, Silva maintains, also was illegal. He said a gun was introduced into evidence when no gun had been mentioned in testimony.
